Weblink<https://macter.com/financial-reports>**QR Code****13. No gift at the meeting**

The shareholders are informed that as per Securities and Exchange Commission of Pakistan's directives, no gift will be distributed at the meeting.

Statement under Section 166 (3) of the Companies Act, 2017**Agenda Item-3 : Election of Directors**

Section 166 of the Companies Act 2017 requires that a statement of material facts is annexed to the notice of the general meeting called for the purpose of election of directors which shall indicate the justification for choosing the appointee for appointment as independent director.

The Company shall have at least three (3) or one third members whichever is higher on the Board as independent directors in accordance with the Listed Companies (Code of Corporate Governance), 2019. Accordingly, it will be ensured that the independent directors to be elected meet the criteria set out for independence under provisions of the Companies Act, 2017, the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Companies (Manner and Selection of Independent Directors) Regulations, 2018 and their names are listed on the data bank of independent directors maintained by Pakistan Institute of Corporate Governance duly authorized by SECP. Appropriate competency, diversity, skill set knowledge and experience of the contestants shall also be assessed during the finalization of independent directors.

The final list of contesting directors will be circulated not later than seven (7) Days before the date of AGM in terms of Section 159(4) of the Companies Act, 2017. Further, the website of the Company will also be updated with the required information.

Statement under Section 134 of the Companies Act, 2017**Agenda Item-5 : Subdivision of Shares**

The proposed subdivision of shares is intended to improve affordability and liquidity of the Company's ordinary shares and to broaden investor participation, without affecting the total paid-up capital or the intrinsic value of existing shareholders' investments. The subdivision will not result in any dilution of ownership, control, voting rights, or dividend entitlements, as the new shares will carry the same rights and privileges as the existing shares. Therefore, in accordance with Section 85(1)(c) of the Companies Act, 2017, the Board of Directors has proposed to subdivide the Company's share capital by reducing the face value of each share from Rs. 10/- to Rs. 2/-.

As a result of this subdivision, shareholders will receive five (5) ordinary shares of Rs. 2/- each for every one (1) ordinary share of Rs. 10/- each held in their name on the effective date, which will be announced later.

The new shares created through this subdivision will carry the same rights and privileges as the existing shares. These new shares with a face value of Rs. 2/- will be issued through credit to shareholders' accounts maintained with the Central Depository Company of Pakistan Limited (CDC) and/or in Physical Form as well as the case may be, according to each shareholder's entitlement on the effective date.

The Board of Directors has approved and recommended that the proposed resolution be passed as a special resolution under Section 85 of the Companies Act, 2017, and that the Memorandum of Association of the Company be amended accordingly. The Board also confirms that the proposed changes comply with all applicable laws and regulatory requirements.

At present, the Company's authorized share capital is Rs. 650,000,000 (Rupees Six Hundred Fifty Million only) divided into 65,000,000 shares of Rs.10/- each, will be subdivided into 325,000,000 ordinary shares of Rs. 2/- each. The Company's existing issued and paid-up capital, which currently consists of 45,811,018 ordinary shares of Rs. 10 each, will be subdivided into 229,055,090 ordinary shares of Rs. 2 each, at the ratio of 5 shares for every 1 share held accordingly.

The Directors, Sponsors, majority shareholders, and their relatives do not have any direct or indirect interest in this matter, except to the extent of the shares they hold in the Company.

Copies of the original and amended Memorandum and Articles of Association have been placed at the Company's Registered Office and may be inspected on any working day during normal business hours up to the date of the Annual General Meeting (AGM).

For the purpose of subdividing the shares and the resulting increase in the number of shares, the Memorandum & Articles of Association of the company also require amendments.

A comparison of the existing and proposed changes in the relevant capital clauses of the Memorandum & Articles of Association of the company are provided below.

CHAIRMAN'S REVIEW

On behalf of the board of directors, I would like to share the board performance overview of your Company for the year ended June 30, 2026.

BOARD COMPOSITION AND PERFORMANCE

The Board comprises of an appropriate mix of well-known business professionals who add value to the board through their expertise.

The primary objectives of the Board includes providing strategic direction to the Company and supervising the management. During the year under review the board has effectively discharged its responsibilities as required under the Companies Act, 2017 and Listed Companies (Code of Corporate Governance), Regulations 2019. All quarterly, half yearly and annual financial results were reviewed by the board and it extended its guidance to the management. The board also played a key role in monitoring the management performance and focus on major risk areas.

Board members also reviewed and approved Company's annual financial budget for FY 2026-27, capital expenditure requirements and significant investments.

The board met in quarterly meetings to discharge its responsibilities. Board members attendance was at high level during the year. The independent and other non-executive directors were actively involved in all business decisions.

Board Audit Committee and Board Human Resource and Remuneration Committees also played their roles effectively.

Pursuant to the requirements of Listed Companies (Code of Corporate Governance) Regulations, 2019, a formal & effective process is in place for an annual evaluation of board's performance, Members of Board & its Sub-Committees. Board's performance review consists of comprehensive Self-Evaluation Questionnaires on performance. Based on the feedback by each Individual Director a consolidated average rating is computed. The performance rating of the Board, Individual Directors & Committees performance was satisfactory and effective. As Chairman of your Company I will continue to be responsible for leading the Board, fostering an inclusive culture of openness and constructive dialogue. I remain committed to ensure that the board and its committees should perform effectively and take timely decisions to create value for all stakeholders.

ACKNOWLEDGEMENTS

I would like to thank all our shareholders, customers, bankers and employees for their support. I would also like to thank the board members, CEO and his team for their dedication and hard-work.

Amanullah Kassim
Chairman

MARKET AND BUSINESS OVERVIEW

Pakistan's economy continued its gradual recovery during FY2025-26, with real GDP growth improving to approximately 3.7%, supported by a broad-based recovery in economic activity and the industrial sector. Inflation remained relatively contained and the easing monetary environment provided support to economic activity and financing conditions, while the external sector remained resilient, supported by workers' remittances during FY2026. Although the current account recorded a modest deficit, overall macroeconomic stability improved compared with previous years. Reflecting these positive trends, Pakistan's credit rating has been upgraded, with agencies assigning a stable outlook for the country's economic future.

Regional conflicts and geopolitical tensions remained a major challenge leading to supply chain disruptions, extended lead times, logistical constraints and increased freight costs. The Company closely monitored these developments and proactively managed its supply chain through planning, inventory management and close coordination with suppliers and logistics partners to minimize the impact on business operations.

BUSINESS PERFORMANCE

Net turnover for the year ended 30th June 2026 was Rupees 11,732 m with a growth of 18% from last year reflecting continued momentum across all key business segments, including prescription, institutional, and export sales. The growth in revenue is primarily attributable to volumetric expansion, improved product mix, and sustained focus on market penetration across both domestic and global markets. The Company's focus on innovative and high-growth therapeutic segments, including the **GLP-1 category and the introduction of TirzaTrim (Tirzepatide)**, has further supported portfolio diversification and created additional opportunities for future growth.

Macter remains committed to investing in Research and Development, Manufacturing and Commercial Excellence, with the objective of launching innovative products in Pakistan and globally and make them commercially successful for the Company's sustainable growth. The Company maintains a sustainable pipeline of new products and is committed to delivering high-quality and innovative medicines to improve patient health outcomes in Pakistan and across the world.

Gross margins were 48% compared to 45% last year primarily due to better sales mix and higher contributions from profitable Prescription & Export businesses. This reflects the Company's ability to partially offset the impact of rising input costs, further exacerbated by ongoing regional geopolitical tensions affecting supply chains and input pricing, through pricing discipline, portfolio optimization and operational efficiencies.

Operating profit for the current fiscal year is RS. 1,382 million, representing a 12% increase compared to the previous year. Operating profit improved in absolute terms; however, margins declined due to continued investment in sales and marketing initiatives, expansion of distribution reach, and strategic focus on brand development. Overall performance demonstrates the Company's continued strategic progress, disciplined execution, and resilience in a challenging operating environment.

Finance cost increased by 27% during the year to Rupees 130 million, compared with Rupees 102 million in the previous year. The increase was primarily attributable to higher average utilization of financing facilities and the associated financing rates during the year.

Profit before Tax: Rupees 1,251m is higher by +119m, reflecting a growth of 11% over last year.

Profit after Tax: Rupees 698m is lower by -39m over last year, a decline of 5%.

CAPITAL EXPENDITURE

During the year under review, the Company has made capital expenditure of Rupees 671 million in new manufacturing equipment, facility upgrades and developing new production areas to ensure GMP and regulatory compliance, support our innovative product pipeline and focus on increasing our global footprint.

EARNINGS PER SHARE

Earnings per share of the Company for the year ended June 30, 2026 is Rupees 15.24 vs. Rupees 16.10 last year.

DIVIDEND

No cash dividend has been recommended by the Board of Directors for the period under review.

FUTURE OUTLOOK

Pakistan's pharmaceutical industry continues to demonstrate steady progress, driven by strong underlying healthcare demand, a large domestic market, expanding local manufacturing capabilities, improving regulatory framework, and increasing export orientation. Despite ongoing global economic and geopolitical uncertainties, pharmaceutical exports have maintained an upward trajectory, reflecting the growing competitiveness and quality standard of local manufacturers in international markets. The industry continues to benefit from Pakistan's large and growing

healthcare market, with local manufacturers supplying most domestic medicine requirements. Furthermore, ongoing regulatory reforms introduced by the Drug Regulatory Authority of Pakistan (DRAP), including strengthening of Good Manufacturing Practices (GMP), improvements in licensing and product registration processes, and enhanced focus on bioequivalence and pharmacovigilance standards, are expected to further improve product quality, transparency, and export readiness of local manufacturers.

The volatile geopolitical situation in the Middle East may continue to pose potential risks to supply chain continuity, input costs, freight costs and local fuel prices, including exposure to foreign currency volatility on USD-denominated imports. The impact of fuel prices may impact inflation going forward. To address the inflationary pressure, the policy rate may be carried upwards affecting the cost of borrowings. Management remains vigilant in monitoring these developments and continues to take appropriate measures on maintaining operational resilience.

Overall, under the guidance of the Board, the management team remains confident in demonstrating sustainable growth. The Company continues to address environmental and operational challenges through continuous investment in research, innovation, quality and operational excellence. Key strategic priorities include sustained investment in strengthening of manufacturing capabilities, expanding footprint in new export markets, investing in human capital, developing strategic partnership, maintaining a patient-centric approach and fulfilling corporate responsibilities through ongoing community engagement and meaningful social and environmental contribution.

RISKS AND UNCERTAINTIES

The Company is exposed to certain inherent business risks and uncertainties. Following key business risks have been identified:

- Cost Inflation and lag in compensatory inflationary price adjustments by DRAP
- Pak Rupee depreciation against major currencies
- Global API and logistics disruptions
- Increasingly stringent local and international regulatory requirements
- Delays in product registration and pricing
- Increasing threats to data security and data privacy

The Board and its relevant committees periodically review the Company's risk profile and management's mitigation strategies.

DIVERSITY, EQUITY AND INCLUSION (DE&I)

Macter is committed to fostering a diverse, equitable, and inclusive workplace where every individual is provided with equal opportunities to grow, contribute, and achieve their potential based on merit, capabilities, and performance. The Company promotes a culture of respect, collaboration, and belonging, enabling employees to contribute meaningfully to organizational success and operational excellence.

SUSTAINABILITY

Macter recognizes sustainability as an integral component of its long-term business strategy and responsible growth. The Company seeks to embed sustainable practices across its operations and value chain, including supply chain management and Health, Safety and Environment (HSE) performance. Operating within an evolving environmental, regulatory, and socio-economic landscape, recognizes emerging risks and challenges associated with climate change, water scarcity, energy security, and potential disruptions to the supply chain. The Company is committed to proactively addressing these challenges through responsible resource

management, environmental stewardship, operational resilience, and continuous improvement. Macter continues to integrate sustainability into its core business strategy through the establishment of a Sustainability Committee, implementation of sustainable practices, initiatives to reduce its carbon footprint, and alignment with relevant Environmental, Social and Governance (ESG) principles and standards.

Preserving Our Environment

Macter is committed to responsible environmental stewardship and the protection of the environment.

PPE is provided based on job-specific hazards and may include protective clothing, safety goggles, gloves, helmets, hearing protection, and appropriate respiratory protection.
- The Company maintains programs for monitoring workplace noise levels and generator emissions to support compliance with applicable requirements and protect employee health and the environment.
- Boilers are subject to periodic third-party inspection and certification, where applicable, to support safe and reliable operation.
- Hazardous chemical waste is managed through approved treatment and disposal methods, while industrial effluents undergo appropriate treatment prior to discharge or reuse.
- Macter continues to pursue its Zero Accident Vision through proactive risk management, employee engagement, competency development, and continuous improvement in safety performance.
- During the year, extensive EHS training programs were conducted covering fire safety, chemical safety, PPE compliance, emergency response, safe work practices, and emergency evacuation.

- Regular EHS audits and inspections were also conducted to monitor compliance with applicable legal requirements, including the Factories Act, 2015 and the Sindh Occupational Safety and Health Act, 2017.

Corporate Social Responsibility (CSR)

Macter's commitment to improving health and well-being extends beyond its business operations. Guided by its mission to serve humanity, the Company continues to support initiatives that contribute to the health, education, and welfare of communities.

During the year, Macter undertook a range of Corporate Social Responsibility (CSR) initiatives, including:

- Provision of free medicines to charitable organizations and hospitals.

ڈائریکٹر رپورٹ

ہم 30 جون، 2026 کو ختم ہونے والے سال کے لئے کمپنی کے آڈٹ شدہ مالیاتی بیانات کے ہمراہ سالانہ رپورٹ پیش کرنے پر مسرت کا اظہار کرتے ہیں۔

مالیاتی نتائج

کمپنی کے مالیاتی نتائج کا خلاصہ درج ذیل ہے:

منہج شدہ سال 30 جون 2026				مندرجات
مد منہج شدہ		غیر مد منہج شدہ		
2025	2026	2025	2026	
(روپے ملین میں)				
10,360	12,169	9,914	11,732	
4,727	5,920	4,458	5,660	
45.6%	48.6%	45.0%	48.2%	
1,276	1,380	1,234	1,382	
12.3%	11.3%	12.4%	11.8%	
1,141	1,234	1,132	1,251	
787	675	738	698	

مارکیٹ اور کاروبار کا جائزہ:

پاکستان کی معیشت نے مالیاتی سال 2025-26 کے دوران ہندوستان کی معیشت پر برتری حاصل کی۔ جس میں جی ڈی پی کی حقیقی نمو تقریباً 3.7% تک بہتر ہوئی، جس کی بنیادی وجہ اقتصادی سرگرمیوں اور صنعتی شعبے میں وسیع پیمانے پر بحالی تھی۔ افراط زر نسبتاً قابو میں رہا اور آسان مالیاتی ماحول نے معاشی سرگرمی اور مالیاتی حالات کو سہارا دیا، جبکہ مالیاتی سال 2026 کے دوران کارکنوں کی ترسیلات زر کی بدولت بیرونی شعبہ لچکدار رہا۔ اگرچہ کرنٹ اکاؤنٹ میں معمولی خسارہ ریکارڈ کیا گیا، لیکن مجموعی معاشی استحکام گزشتہ سالوں کے مقابلے میں بہتر ہوا۔ ان مثبت رجحانات کی عکاسی کرتے ہوئے پاکستان کی کریڈٹ ریٹنگ کو اپ گریڈ کیا گیا ہے، اور انجینیئروں نے ملک کے معاشی مستقبل کے لیے ایک مستحکم آؤٹ لک پیش کیا ہے۔

علاقائی تنازعات اور جیو پالیٹیکل سیاسی کشیدگی ایک بڑا چیلنج بنی رہی، جس کی وجہ سے سپلائی چین میں رکاوٹیں، ڈیلیوری کے طویل اوقات، لاجسٹک پابندیاں اور مال برداری (فرائیٹ) کے اخراجات میں اضافہ ہوا۔ کمپنی نے ان چیلنجز پر فٹوں پر گہری نظر رکھی اور کاروباری سرگرمیوں پر پڑنے والے اثرات کو کم سے کم کرنے کے لیے منصوبہ بندی انویسٹری منیجمنٹ اور سپلائرز اور لاجسٹکس پارٹنرز کے ساتھ قریبی تعاون کے ذریعے فعال انداز میں اپنی سپلائی چین کا انتظام کیا۔

کاروباری کارکردگی

30 جون 2026 کو ختم ہونے والے سال کے لیے خالص ٹرن اوور 11,732 ملین روپے رہا، جس میں گزشتہ سال کے مقابلے میں 18% اضافہ ہوا، جو بذریعہ نسخہ، ادارہ جاتی اور برآمدی فروخت سمیت تمام اہم کاروباری شعبوں میں مسلسل رفتار کی عکاسی کرتا ہے۔ آمدنی میں اضافہ بنیادی طور پر حجم میں توسیع، بہتر مصنوعات کے کس، اور ملکی و عالمی مارکیٹوں میں رسائی پر مسلسل توجہ کی وجہ سے ہے۔ کمپنی کی جدید اور تیز رفتاری والے علاج کے شعبوں پر توجہ، جن میں GLP-1 کیٹگری اور TirzTrim (Tirzepatide) کا تعارف شامل ہے، نے پورٹ فولیو کی تنوع کو مزید تقویت دی ہے اور مستقبل کی ترقی کے لیے اضافی مواقع پیدا کیے ہیں۔

میکٹر ریسرچ اینڈ ڈیولپمنٹ، مینوفیکچرنگ اور کمرشل ایکٹوٹیز میں سرمایہ کاری کے لیے پرعزم ہے، جس کا مقصد پاکستان اور عالمی سطح پر جدید مصنوعات متعارف کرانا اور کمپنی کی پائیدار ترقی کے لیے انہیں تجارتی لحاظ سے کامیاب بنانا ہے۔ کمپنی نئی مصنوعات کی پائیدار پائپ لائن برقرار رکھتی ہے اور پاکستان اور دنیا بھر میں مرلیٹوں کی صحت کے نتائج کو بہتر بنانے کے لیے اعلیٰ معیار اور جدید ادویات فراہم کرنے کے لیے پرعزم ہے۔

مجموعی مارجن پچھلے سال کے 45 فیصد کے مقابلے میں 48 فیصد رہا، جس کی بنیادی وجہ بہتر سائز کمس اور منافع بخش پریسکرپشن اور ایکسپوٹ کے کاروبار کا زیادہ حصہ تھا۔ یہ قیمتوں کے نظم و ضبط، پورٹ فولیو کی اصلاح اور آپریٹس کارکردگی کے ذریعے ان پٹ لاگت میں اضافے کے اثرات کو جزوی طور پر پورا کرنے کی کمپنی کی صلاحیت کی عکاسی کرتا ہے، جو سہائی چین اور ان پٹ کی قیمتوں کو متاثر کرنے والے جاری علاقائی جیو پالیٹیکل کشیدگی کی وجہ سے مزید بڑھ گئے تھے۔

موجودہ مالی سال کے لیے آپریٹنگ منافع 1,382 ملین روپے ہے، جو پچھلے سال کے مقابلے میں 12 فیصد اضافے کو ظاہر کرتا ہے۔ مطلق لحاظ سے آپریٹنگ منافع میں بہتری آئی ہے؛ تاہم، فروخت اور مارکیٹنگ کے اقدامات میں مسلسل سرمایہ کاری، تقسیم کی رسائی میں توسیع، اور براؤن ڈویلپمنٹ پراسٹریجک توجہ کی وجہ سے مارجن میں کمی واقع ہوئی۔ مجموعی کارکردگی ایک چیلنجنگ آپریٹنگ ماحول میں کمپنی کی مسلسل اسٹریٹجک پیش رفت، نظم و ضبط پر مبنی عمل درآمد، اور پلگ کو ظاہر کرتی ہے۔

مالیاتی لاگت دوران سال 27% بڑھ کر 130 ملین روپے ہو گئی، جبکہ گزشتہ سال یہ 102 ملین روپے تھی۔ اس اضافے کی بنیادی وجہ سال کے دوران مالیاتی سہولیات کا زیادہ اوسط استعمال اور اس سے وابستہ مالیاتی شرحیں تھیں۔

قبل از ٹیکس منافع: 1,251 ملین روپے ہے + 119 ملین کے اضافے کے ساتھ، جو گزشتہ سال کے مقابلے میں 11% کی ترقی کی عکاسی کرتا ہے۔

بعد از ٹیکس منافع: 698 ملین روپے ہے جو گزشتہ سال کے مقابلے میں 39- ملین کم ہے یعنی 5 فیصد کی کمی۔

سرمایہ جاتی اخراجات:

زیر جائزہ سال کے دوران، کمپنی نے GMP اور ریگولیٹری فیل کو یقینی بنانے، جدید مصنوعات کی سپورٹ اور عالمی سطح پر اپنی موجودگی بڑھانے پر 671 ملین روپے کا سرمایہ خرچ کیا ہے۔

فی شیئر آمدنی:

30 جون 2026 کو ختم ہونے والے سال کے لیے کمپنی کی فی شیئر آمدنی گزشتہ سال 16.10 روپے کے مقابلے میں 15.24 روپے رہی۔

ڈیویڈنڈ:

بورڈ آف ڈائریکٹرز نے زیر جائزہ مدت کے لیے کوئی نقد ڈیویڈنڈ تجویز نہیں کیا ہے۔

مستقبل کا منظر:

پاکستان کی فارماسیوٹیکل انڈسٹری مسلسل ترقی پزیر ہے، جس کی وجہ صحت کی دیکھ بھال کی ضرورت، وسیع ملکی منڈی، مقامی مینوفیکچرنگ صلاحیتوں میں توسیع، بہتر ریگولیٹری فریم ورک اور برآمدات میں مضبوط اضافہ ہے۔ عالمی اقتصادی اور جغرافیائی سیاسی غیر یقینی صورتحال کے باوجود، دوا سازی کی برآمدات نے بڑھتے ہوئے رجحان کو برقرار رکھا ہے، جو بین الاقوامی منڈیوں میں مقامی مینوفیکچررز کی بڑھتی ہوئی مسابقت اور معیار کی عکاسی کرتا ہے۔ یہ صنعت پاکستان کی وسیع اور بڑھتی ہوئی صحت کی دیکھ بھال کی مارکیٹ سے فائدہ اٹھا رہی ہے، جہاں مقامی مینوفیکچررز زیادہ مقامی ادویات کی ضروریات فراہم کرتے ہیں۔ مزید برآں، ڈارگ ریگولیٹری اتھارٹی آف پاکستان (DRAP) کی جانب سے متعارف کرائی گئی جاری ریگولیٹری اصلاحات، جن میں گڈ مینوفیکچرنگ پریکٹس (GMP) کی مضبوطی، لائسنسنگ اور مصنوعات کی رجسٹریشن کے عمل میں بہتری، اور بائیو ایکٹوٹیز اور فارماکو ڈیولپمنٹس معیارات پر زیادہ توجہ شامل ہے، مقامی مینوفیکچررز کی مصنوعات کے معیار، شفافیت اور برآمدی تیاری کو مزید بہتر بنانے کی توقع ہے۔

شرق وسطیٰ میں غیر مستحکم جیو پالیٹیکل سیاسی صورتحال، سپلائی چین کا تسلسل، ان پٹ لاگت، مال برداری کے اخراجات اور مقامی ایندھن کی قیمتوں کے لیے ممکنہ خطرات پیدا کر سکتی ہے، جن میں امریکی ڈالر کی درآمدات پر غیر ملکی کرنسی کے اتار چڑھاؤ کا سامنا بھی شامل ہے۔ ایندھن کی قیمتوں کا اثر مستقبل میں مہنگائی پر اثر انداز ہو سکتا ہے۔ افراط زر کے دباؤ سے نجات کے لیے پالیسی شرح کو اوپر لے جاسکتا ہے جس سے قرض کی لاگت متاثر ہوتی ہے۔ انتظامیہ ان پیش رفتوں کی نگرانی میں چاق و چوبند ہے اور آپریشنل پلگ برقرار رکھنے کے لیے مناسب اقدامات جاری رکھے ہوئے ہے۔

مجموعی طور پر، بورڈ کی رہنمائی میں، انتظامیہ ٹیم پائیدار ترقی کے مظاہرے میں پراگندہ ہے۔ کئی تحقیق، جدت، معیار اور آپریشنل عمدگی میں مسلسل سرمایہ کاری کے ذریعے ماحولیاتی اور آپریشنل چیلنجز سے نمٹنے کا سلسلہ جاری رکھے ہوئے ہے۔ اہم اسٹریٹجک ترجیحات میں مینوفیکچرنگ کی صلاحیتوں کو مضبوط بنانے میں مسلسل سرمایہ کاری، نئی برآمدی منڈیوں میں وسعت دینا، انسانی وسائل میں سرمایہ کاری، اسٹریٹجک شرائط برداری کی ترقی، مریض دیکھ بھال کا نقطہ نظر برقرار رکھنا اور مسلسل کمیونٹی انگیجمنٹ اور باہمی سماجی و ماحولیاتی تعاون کے ذریعے کارپوریٹ ذمہ داریوں کو پورا کرنا شامل ہیں۔

خطرات اور غیر یقینی حالات

کمپنی کو کچھ فطری کاروباری خطرات اور غیر یقینی صورتحال کا سامنا ہے۔ مندرجہ ذیل اہم کاروباری خطرات کی نشاندہی کی گئی ہے:

- لاگت افراط زر اور DRAP کی طرف سے معاوضہ افراط زر کی قیمتوں میں ایڈجسٹمنٹ کرنے میں تاخیر۔
- پاکستانی روپے کی قدر میں کمی
- عالمی API اور لاجسٹکس رکاوٹیں
- مقامی اور بین الاقوامی ریگولیٹری تقاضوں میں تیزی سے اضافہ
- پراڈکشن کی رجسٹریشن اور قیمت کے تعین میں تاخیر
- ضروری ٹیلنٹ کی بھرتی اور برقرار رکھنا
- ڈیٹا کی حفاظت اور ڈیٹا کی رازداری کے بڑھتے ہوئے خطرات

بورڈ اور اس کی متعلقہ کمیٹیاں دفاتر کمپنی کے خطرے کے پروفائل اور انتظامیہ کی حفاظتی حکمت عملیوں کا جائزہ لیتی ہیں۔

تنوع، مساوات اور شمولیت (DE&I)

میکٹر ایک متنوع، مساوی، اور جامع کام کرنے کا ماحول فراہم کرنے کے لیے پرعزم ہے جہاں ہر فرد کو قابلیت، صلاحیتوں اور کارکردگی کی بنیاد پر ترقی کرنے، حصہ لینے اور اپنی صلاحیتوں کو حاصل کرنے کے لیے مساوی مواقع فراہم کیے جاتے ہیں۔ کمپنی احترام، تعاون اور تعلق کے کلچر کو فروغ دیتی ہے، جس سے ملازمین کو تنظیمی کامیابی اور آپریشنل ایکٹیوٹیز میں معنی خیز کردار ادا کرنے کے قابل بنایا جاتا ہے۔

پائیداری

میکٹر پائیداری کو اپنی طویل مدتی کاروباری حکمت عملی اور ذمہ دارانہ ترقی کا لازمی جزو تسلیم کرتا ہے۔ کمپنی اپنی آپریشنز اور ویلیو چین میں پائیدار طریقوں کو شامل کرنے میں کوشاں ہے، جن میں سپلائی چین منجمنٹ اور صحت، حفاظت اور ماحولیات (HSE) کی کارکردگی شامل ہے۔ ایک بدلتے ہوئے ماحولیاتی، ضابطہ کاری، اور سماجی و اقتصادی ماحول میں کام کرتے ہوئے موسمیاتی تبدیلی، پانی کی قلت، توانائی کی سلامتی، اور سپلائی چین میں ممکنہ خلل سے جڑے ابھرتے ہوئے خطرات اور چیلنجز مسلح ہیں۔ کمپنی ان چیلنجز کو ذمہ دارانہ وسائل کے انتظام، ماحولیاتی نگہداشت، آپریشنل پلگ، اور مسلسل بہتری کے ذریعے فعال طور پر حل کرنے کے لیے پرعزم ہے۔ میکٹر پائیداری کو اپنی بنیادی کاروباری حکمت عملی میں شامل کرتا ہے، جس میں پائیداری کمیٹی کا قیام، پائیدار طریقوں کا نفاذ، کاربن فٹ پرنٹ (نقصان دہ گیسوں کا اخراج) کم کرنے کے اقدامات، اور متعلقہ ماحولیاتی، سماجی اور گورننس (ESG) کے اصولوں اور معیارات کے ساتھ ہم آہنگی شامل ہے۔

ہمارے ماحول کا تحفظ

میکٹر ذمہ دارانہ ماحولیاتی تحفظ اور ماحول کے تحفظ کے لیے پر عزم ہے۔

- کمپنی قابل اطلاق ماحولیاتی قوانین اور سندھ ماحولیاتی تحفظ ایکٹ (SEPA) کی ضروریات کے مطابق خطرناک اور غیر خطرناک فضلے کا انتظام کرتی ہے۔ باقاعدہ ماحولیاتی تعمیل کی رپورٹنگ کی جاتی ہے۔
- کمپنی خطرناک مادوں اور فضلے کے محفوظ انتظام اور تلفی کے لیے مطلوبہ خطرناک مادوں کے انتظام اور ماحولیاتی انتظام کے لائسنس کو برقرار رکھتی ہے۔
- ماحولیاتی نگرانی کے پروگرام فضائی اخراجات اور فضلے کے معیار کا جائزہ لینے اور متعلقہ سندھ ماحولیاتی معیار کے معیارات (SEQS) کی تعمیل کو یقینی بنانے کے لیے نافذ کیے جاتے ہیں۔
- کمپنی روزانہ اپنے گندے پانی کی صفائی کرتی ہے اور 4,000 گیلن تک صاف شدہ فضلہ پانی کو باغبانی اور دیگر مناسب غیر پینے کے لیے دوبارہ استعمال کرتی ہے، جس سے تازہ پانی کی طلب کم ہوتی ہے۔
- کمپنی کی ماحولیاتی پائیداری کی کوششوں کے حصے کے طور پر سالانہ پلانٹیشن اقدامات بھی کیے جاتے ہیں۔

یہ اقدامات مقامی ماحول کو بہتر بنانے، سبز رقبہ اور حیاتیاتی تنوع میں اضافے، اور کمپنی کی ماحولیاتی اثرات کو کم کرنے کی وسیع تر کوششوں میں معاونت کرنے میں کردار ادا کرتے ہیں۔

توانائی کی بچت

- میکٹر توانائی کی بچت کو بہتر بنانے، وسائل کے استعمال کو بہتر بنانے اور اپنے آپریٹنگز کے ماحولیاتی اثرات کو کم کرنے کے لیے اقدامات جاری رکھے ہوئے ہے۔
- کمپنی نے 470 کلو واٹ کا سولر اینرجی سسٹم نصب کیا ہے اور رواجی لائٹنگ کو بتدریج توانائی بچانے والے ایل ای ڈی سسٹمز میں اپ گریڈ کیا ہے۔ یہ اقدامات بجلی کے استعمال اور متعلقہ کاربن اخراج میں کمی کا باعث بنتے ہیں۔
- ملازمین کی آگاہی مہمات بھی چلائی جاتی ہیں تاکہ ادارے میں ذمہ دارانہ توانائی کے استعمال اور توانائی کی بچت کے طریقوں کو فروغ دیا جاسکے۔
- کمپنی کے HVAC سسٹم میں فلو گیس سے چلنے والے فیلٹر سسٹم شامل ہے، جو جزیئر کے اخراج سے نکلنے والی حرارت کو توانائی کی بچت اور توانائی کے استعمال کو بہتر بنانے کے لیے استعمال کرتا ہے۔

پانی کی نگرانی

میکٹر پانی کو ایک قیمتی قدرتی وسیلہ تسلیم کرتا ہے اور اس کے ذمہ دارانہ استعمال، تحفظ، اور موثر انتظام کے لیے پر عزم ہے۔

کلیدی اقدامات میں بشمول:

- پانی کے بہاؤ کو بہتر بنانے اور غیر ضروری کھپت کو کم کرنے کے لیے پانی کی بچت کرنے والے نوزل سسٹم کی تنصیب۔
- ڈسٹریکشن کے عمل کے لیے پانی کی بازیابی کے اقدام کا نفاذ، جس کی تعمیل کا ہدف ستمبر 2026 ہے، جس کا مقصد پانی کی بازیابی اور دوبارہ قابل استعمال بنانا اور پانی کے استعمال کو کم کرنا ہے۔
- ورلڈ واٹر ڈے کی سالانہ تقریبات ملازمین کی آگاہی مہمات، ترویجی سیشنز، اور مواصلاتی اقدامات کے ذریعے جو پانی کی بچت، مستعمل پانی کے دوبارہ استعمال، اور تازہ پانی کے ذمہ دارانہ استعمال پر مرکوز ہیں۔

ان اقدامات کے ذریعے، کمپنی اپنے آپریٹنگز اور وسیع تر کمیونٹی میں ذمہ دارانہ طور پر پانی کی دیکھ بھال اور وسائل کے تحفظ کی شہادت کو مسلسل فروغ دیتی ہے۔

ماحولیاتی صحت اور حفاظت (EHS)

- میکٹر ماحولیاتی، صحت اور حفاظت (EHS) کی کارکردگی کے اعلیٰ معیار کو برقرار رکھنے اور قابل اطلاق قانونی، ریگولیٹری اور صنعتی تقاضوں کی تعمیل کے لیے پر عزم ہے۔

- کمپنی اپنے ماحولیاتی انتظامی نظام کے لیے ISO 14001:2015 اور Occupational Health and Safety Management System کے لیے ISO 45001:2018 کے مطابق سرٹیفیکیشن برقرار رکھتی ہے۔
- میکٹر کی مینوفیکچرنگ سہولیات قائم شدہ EHS منجمنٹ سسٹمز اور طریقہ کار کے تحت کام کرتی ہیں جو خطرات کی شناخت، خطرات کا اندازہ لگانا، واقعات کی روک تھام، اور ایک محفوظ اور ماحولیاتی ذمہ دار کام کی جگہ کو فروغ دینا چاہتے ہیں۔
- ایک ایمرجنسی رسپانس کمیٹی قائم کی جاتی ہے تاکہ ہنگامی حالات میں مؤثر تیاری اور رد عمل میں مدد دی جاسکے۔
- کمپنی کے فائر سیفٹی انفراسٹرکچر میں اسموک ڈیٹیکٹر، فائر الارم سسٹمز، آگ بجھانے والے آلات اور دیگر ہنگامی رد عمل کی سہولیات شامل ہیں۔ آگ کی شناخت اور الارم سسٹمز کو قومی اور بین الاقوامی معیار کے مطابق مزید مضبوط اور اپ گریڈ کیا گیا۔
- ملازمین کو آگ سے حفاظت، ہنگامی رد عمل، محفوظ کام کے طریقے، اور ذاتی حفاظتی سامان (PPE) کے مناسب استعمال کی باقاعدہ تربیت دی جاتی ہے۔ PPE مخصوص ملازمت کے خطرات کی بنیاد پر فراہم کی جاتی ہے اور اس میں حفاظتی لباس، حفاظتی خشنے، دستانے، ہیلمٹ، سماعت کی حفاظت، اور سانس کی مناسب حفاظت شامل ہو سکتی ہے۔
- کمپنی کام کی جگہ پر شور کی سطح اور جزیئر کے اخراج کی نگرانی کے پروگرام برقرار رکھتی ہے تاکہ متعلقہ تقاضوں کی تعمیل اور ملازمین کی صحت اور ماحول کی حفاظت کی جائے۔
- یو ایلز کو باقاعدہ تیسرے فریق کی جانب سے معائنہ اور سرٹیفیکیشن کے تابع کیا جاتا ہے، جہاں قابل اطلاق ہو، تاکہ محفوظ اور قابل اعتماد آپریشن کی حمایت کی جاسکے۔
- مکنرٹاک کی سیائی فضلہ کو منظور شدہ طریقہ کار اور تلمی کے طریقوں سے منظم کیا جاتا ہے، جبکہ صنعتی فضلہ خارج کرنے یا دوبارہ استعمال سے پہلے مناسب طریقہ کار سے گزرتا ہے۔
- میکٹر اپنے زیر دیکھڈنٹ وژن کو فعال رسک منجمنٹ، ملازمین کی شمولیت، مہارت کی ترقی، اور حفاظتی کارکردگی میں مسلسل بہتری کے ذریعے جاری رکھے ہوئے ہے۔
- سال کے دوران، ان وسیع پیمانے پر EHS تربیتی پروگرام منعقد کیے گئے جن میں آگ سے حفاظت، کیمیکل سیفٹی، PPE کی تعمیل، ہنگامی رد عمل، محفوظ کام کے طریقے، اور ہنگامی انخلا شامل تھے۔
- باقاعدہ EHS آڈٹ اور معائنہ بھی کیے گئے تاکہ متعلقہ قانونی تقاضوں کی تعمیل کی نگرانی کی جاسکے، جن میں فیکٹریز ایکٹ، 2015 اور سندھ آکیوشنل سیفٹی اینڈ ہیلتھ ایکٹ، 2017 شامل ہیں۔

کارپوریٹ سوشل ریسپانسیبلٹی (CSR)

- میکٹر کی صحت اور فلاح و بہبود کو بہتر بنانے کے لیے وابستگی صرف کاروباری آپریشنز تک محدود نہیں ہے۔ انسانیت کی خدمت کے اپنے مشن کی رہنمائی میں، کمپنی ان اقدامات کی حمایت جاری رکھے ہوئے ہے جو کمیونیز کی صحت، تعلیم اور فلاح و بہبود میں حصہ ڈالتے ہیں۔
- دوران سال میکٹر نے کارپوریٹ سوشل ریسپانسیبلٹی (CSR) کے کئی اقدامات کیے، جن میں بشمول:

- خیراتی تنظیموں اور ہسپتالوں کو مفت ادویات کی فراہمی۔
- ڈاکٹروں اور صحت کے پیشہ ور افراد کے لیے صلاحیت سازی اور پیشہ ورانہ ترقی کے اقدامات۔
- تعلیمی اداروں اور صحت کی سہولیات کی معاونت۔
- مفت طبی اسکریننگ کیمپوں کی تنظیم اور معاونت۔
- محروم سریشوں کے لیے مدد اور تعاون۔

اس کے علاوہ پلانٹیشن مہمات، پانی کی بچت اور آگاہی کی مہمات، اور پائیداری کی سرگرمیوں میں ملازمین کی شمولیت کے ذریعے، میکٹر ماحولیاتی اور سماجی فلاح و بہبود میں بھی کردار ادا کرتا ہے۔ یہ اقدامات کمپنی کی ذمہ دارانہ کارپوریٹ شہریت اور اپنے ملازمین، کمیونٹیز اور دیگر اسٹیک ہولڈرز کے لیے مثبت اور پائیدار قدر پیدا کرنے کے عزم کی عکاسی کرتے ہیں۔

صنعتی اجرت کا فرق

کمپنی نے مالی سال 2026 کے لیے مقرر کردہ جینڈرپے گیپ انٹینسٹی تیار اور شامل کیا ہے، جو متعلقہ ریگولیٹری تقاضوں کے مطابق ہے۔

انفارمیشن ٹیکنالوجی اور سائبر سیکیورٹی

کمپنی اپنی انفارمیشن ٹیکنالوجی انفراسٹرکچر، سائبر سیکیورٹی کنٹرولز، ڈیٹا پروٹیکشن اقدامات اور کاروباری تسلسل کے انتظامات کو مضبوط کرتی ہے تاکہ اپنے آپریٹرز اور معلوماتی اثاثوں کی حفاظت کی جاسکے۔

قوی خزانے میں تعاون

کمپنی نے انکم ٹیکس، سکیم ڈیوٹیز اور سٹیک ہولڈرز کے ذریعے قوی خزانے میں کل 1,104 ملین روپے کا تعاون کیا۔

کریڈٹ رینٹ

دی آئی ایس کریڈٹ رینٹ کمپنی لیڈنے میکٹر انٹر نیٹیشنل لیڈ کو (A/A-1 مستقل اے / اے-ون) کریڈٹ رینٹ دی ہے۔ ہماری رینٹ کے لیے منتخب آؤٹ لک منظم ہے۔

اندرونی مالیاتی کنٹرولز

ڈائریکٹرز اپنی ذمہ داری سے آگاہ ہیں کہ وہ مناسب داخلی مالی کنٹرول برقرار رکھیں۔ اندرونی آڈٹ رپورٹس کے جائزے اور انتظامیہ و آڈیٹرز (اندرونی اور بیرونی) کے ساتھ گفتگو کے ذریعے، ہم تصدیق کرتے ہیں کہ کمپنی نے مناسب کنٹرول نافذ کیے ہیں۔

کارپوریٹ اور مالیاتی رپورٹنگ فریم ورک

درج ذیل کارپوریٹ اور مالیاتی رپورٹنگ فریم ورک کے بیانات ہیں:

- کمپنی کی انتظامیہ کی جانب سے تیار کردہ مالی بیانات، اس کے معاملات کی حالت، آپریٹرز کے نتائج، نقد سرمائے کی آمد و رفت اور کمپنی مالکان کے سرمائے میں تبدیلیوں کو منصفانہ طور پر پیش کرتے ہیں۔
- کمپنی نے مناسب حسابات کی کتاب میں برقرار رکھی ہیں۔
- مالیاتی بیانات کی تیاری میں مناسب اکاؤنٹنگ پالیسیاں مستقل طور پر نافذ کی گئی ہیں اور اکاؤنٹنگ کے تخمینے معقول اور محتاط فیصلے پر مبنی ہوتے ہیں۔
- پاکستان میں لاگو ہونے والے بین الاقوامی مالیاتی رپورٹنگ معیارات پر ان مالیاتی بیانات کی تیاری کے دوران عمل درآمد کیا گیا ہے۔
- اندرونی کنٹرول کا نظام مضبوط ڈیزائن ہے اور مؤثر طریقے سے نافذ اور زیر نگرانی ہے۔
- کمپنی بطور ایک فعال کاروباری ادارے کام جاری رکھنے کی صلاحیت پر کوئی شک نہیں۔
- ٹیکس اور لیویز کے بارے میں معلومات نوٹس میں دی جاتی ہیں اور مالیاتی بیانات کا حصہ بنتی ہیں۔
- کارپوریٹ گورننس کے بہترین طریقہ کار سے کوئی نمایاں انحراف نہیں ہوا، جیسا کہ لسٹنگ ریگولیشنز میں تفصیل سے بیان کیا گیا ہے۔
- 30 جون 2026 تک تازہ ترین غیر آڈٹ شدہ اکاؤنٹس کی بنیاد پر ملازمین کے پروویڈنٹ فنڈ کی سرمایہ کاری کی مالیت 484 ملین روپے ہے۔

SHARIAH REVIEW REPORT

For the year ended June 30, 2026

With the grace of Allah, I have been appointed as Shariah Advisor of **Macter International Limited** under the provisions of Shariah Governance Regulations, 2023 (Regulations). Under the Regulations my role includes:

- Introduction of a mechanism which will strengthen Shariah compliance in letter and spirit and ensure that the systems, procedures and policies adopted are in line with the Shariah principles.
- Ensure that the inflows and outflows of financial resources are free from: Riba (interest, usury or any other form), Qimar (Gambling), Gharar (Uncertainty) and other vices prohibited by Shariah.
- Advise on regular basis that the business, transactions and investments made are in accordance with the principles of Shariah.
- Make recommendations for potential improvements and the formulation of policies in line with Shariah principles.

Issuance of Shariah Compliance Certificate:

I have performed Shariah screening of **Macter International Limited** on the basis of its Financial Statements of June 30, 2026 (un-audited) using the criteria mentioned in the Chapter IV (b) of Shariah Governance Regulations, 2023.

Alhamdulillah, I found **Macter International Limited** as Shariah Compliant as per the said screening criteria and hence I have issued a Shariah Compliance Certificate in favor of **MACTER INTERNATIONAL LIMITED**.

Review of Operations and my Opinion:

During the period, I reviewed the operations and business activities of **Macter International Limited** with respect to Shariah compliance. For that purpose, I met with the relevant officials of **Macter International Limited**. Accordingly, it has been agreed with management that all legal documents and policies would be executed and implemented in **Macter International Limited** after approval from Shariah Advisor. The Company is carrying on its operations, business affairs and activities according to the principles of Shariah.

The company has taken steps to ensure that its pharmaceuticals ingredients used in manufacturing health care products are from Halal sources and has taken Halal certificate for its majority products from an accredited Halal certification body.

I have conducted the Shariah review of **Macter International Limited** for the financial year ended on June 30, 2026 in accordance with the provisions of Shariah Governance Regulations, 2023 and in my opinion:

- The transactions, the documentations and the procedures adopted have been in accordance with principles of Shariah;
- The business affairs have been carried out in accordance with rules and principles of Shariah;
- No Shariah non-compliant income has been earned by the Company, during the year. Therefore, no purification of income was required during the year

Conclusion:

Based on the Review of Company's operations, transactions, related documentation, processes, policies, legal agreements and management's representation, in my opinion, the affairs of **Macter International Limited** have been carried out in accordance with the rules and principles of Shariah, and therefore, I am of the view that **Macter International Limited** is a Shariah Compliant Company.

In the end; I pray to Allah Almighty to grant us success and help us at every step, keep us away from every hindrance and difficulty, and give financial success to **Macter International Limited**.

INDEPENDENT ASSURANCE REPORT ON COMPLIANCE WITH THE SHARIAH GOVERNANCE REGULATIONS, 2023

To the Board of Directors of Macter International Limited

1. Introduction

We have undertaken a reasonable assurance engagement that the Securities and Exchange Commission of Pakistan (SECP) has required in terms of its Shariah Governance Regulations, 2023 (the Regulations) – External Shariah Audit of Macter International Limited (the Company) for assessing compliance of the Company's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles for the year ended June 30, 2026. This engagement was conducted by a multidisciplinary team including assurance practitioners and independent Shariah scholar.

2. Applicable Criteria

The criteria for the assurance engagement, against which the underlying subject matter (financial arrangements, contracts, and transactions having Shariah implications for the year ended June 30, 2026) is assessed, comprise of the Shariah principles and rules, as defined in the Regulations and reproduced as under:

- i. Legal and regulatory framework administered by the Commission;
- ii. Shariah standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI), as notified by Commission;
- iii. Islamic Financial Accounting Standards, developed by the Institute of Chartered Accountants of Pakistan, as notified by the Commission;
- iv. Guidance and recommendations of the Shariah advisory committee, as notified by Commission; and
- v. Approvals, rulings or pronouncements of the Shariah supervisory board or the Shariah advisor of the Islamic financial institution, in line with (i) to (iv) above;

3. Management's Responsibility for Shariah Compliance

Management is responsible to ensure that the financial arrangements, contracts and transactions having Shariah implications, entered into by the Company with its customers, other financial institutions and stakeholders and related policies and procedures are, in substance and in their legal form, in compliance with the requirements of Shariah rules and principles. The management is also responsible for design, implementation and maintenance of appropriate internal control procedures with respect to such compliance and maintenance of relevant accounting records.

4. Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the Code of Ethics for Chartered Accountants issued by the Institute of Chartered Accountants of Pakistan, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

A.F.FERGUSON & Co.

The firm applies International Standard on Quality Management 1 "Quality Management for firms that perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements", which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

5. Our responsibility and summary of the work performed

Our responsibility in connection with this engagement is to express an opinion on compliance of the Company's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles, in all material respects, for the year ended June 30, 2026 based on the evidence we have obtained. We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements 3000, 'Assurance Engagements other than audits or reviews of historical financial statements', issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain reasonable assurance about whether the compliance of the Company's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles is free from material misstatement.

The procedures selected by us for the engagement depended on our judgement, including the assessment of the risks of material non-compliance with the Shariah principles. In making those risk assessments, we considered and tested the internal control relevant to the Company's compliance with the Shariah principles in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. We have designed and performed necessary verification procedures on various financial arrangements, contracts and transactions having Shariah implications and related policies and procedures based on judgmental and systematic samples with regard to the compliance of Shariah principles (criteria specified in para 2 above).

We believe that the evidence we have obtained through performing our procedures were sufficient and appropriate to provide a basis for our opinion.

6. Conclusion

Based on our reasonable assurance engagement, we report that in our opinion, the Company's financial arrangements, contracts and transactions for the year ended June 30, 2026 are in compliance with the Shariah principles (criteria specified in the paragraph 2 above), in all material respects.

INDEPENDENT AUDITOR'S REVIEW REPORT**To the members of Macter International Limited****Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Macter International Limited (the Company) for the year ended June 30, 2026 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2026.

**UNCONSOLIDATED
FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2026**

A.F.FERGUSON & Co.

INDEPENDENT AUDITOR'S REPORT**To the members of Macter International Limited****Report on the Audit of the Unconsolidated Financial Statements****Opinion**

We have audited the annexed unconsolidated financial statements of Macter International Limited (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2026, and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2026 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

AFC

A.F.FERGUSON & Co.

Following are the Key audit matters:

S.No.	Key audit matters	How the matter was addressed in our audit
(i)	Revenue from contracts with customers <i>(Refer notes 3.19 & 25 to the unconsolidated financial statements)</i> The Company's revenue is generated from sales of pharmaceutical products. The Company recognised revenue of Rs. 11.73 billion from the sale of goods to domestic as well as export customers during the year ended June 30, 2026. As part of our overall response to the audit risks when identifying and assessing the risks in revenue recognition, we considered that there is an inherent risk that revenue may be overstated as it is a key performance measure, which could create an incentive or pressure on the Company's management to meet targets. Further, we have focused our audit activities over the revenue recognised near to year end as there was a high risk that the revenue may be recorded before the control of goods is transferred to the customer and in an incorrect accounting period. Moreover, revenue recognition includes determination of sales prices in accordance with the regulated price regime of the Government. Based on the above and considering growth in revenue during the year, we considered this as a key audit matter.	Our audit procedures included the following: - obtained an understanding of the Company's process with respect to revenue recognition and tested design and operating effectiveness of controls relevant to such process; - obtained an understanding of pricing mechanism of Drug Regulatory Authority of Pakistan (DRAP) and tested, on sample basis, selling prices of regulated pharmaceutical products; - inspected contracts with customers on a sample basis to obtain an understanding of contract terms particularly relating to timing of transfer of control of goods and assessed the appropriateness of the Company's accounting policies for recognition of revenue with reference to the requirements of the prevailing accounting standards; - performed substantive audit procedures over revenue transactions along with the examination of related supporting documents, on sample basis; - performed cut-off procedures by agreeing sample of revenue transactions occurred on and around the year end to the evidence of deliveries; and - assessed the adequacy of related disclosures in accordance with the applicable financial reporting framework.

A.F.F.

A.F.FERGUSON & Co.

S.No.	Key audit matters	How the matter was addressed in our audit
(ii)	Impairment assessment of investment in subsidiary <i>(Refer notes 3.12.2 & 6 to the unconsolidated financial statements)</i> As per the requirements of accounting and reporting standards, management assessed whether there is any indication that investment in subsidiary may be impaired. In view of impairment indicators, management performed an impairment assessment to estimate the recoverable amount of the Company's investment in subsidiary [Misbah Cosmetics (Private) Limited]. The assessment involved estimation of future cash flows of the subsidiary and determination of recoverable amount using a number of assumptions and estimates. As impairment assessment requires management to make projections of cashflows, use judgement and estimates, we considered this a key audit matter.	Our audit procedures included the following: - considered indicators requiring management to carry out impairment assessment; - obtained understanding of the management's process of impairment assessment, including methodology and key assumptions used to estimate recoverable amount of investment in subsidiary; - evaluated the reasonableness of key assumptions and estimates used by management to prepare cash flow projections and determine the recoverable amount. For this purpose, we engaged our internal specialists, where required; - Tested mathematical accuracy of underlying calculations; - Performed sensitivity analysis on key assumptions used to determine the recoverable amount; and - assessed the adequacy of the related disclosures made in the unconsolidated financial statements in accordance with the applicable accounting and financial reporting framework.

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

A.F.FERGUSON & Co.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Azhar Hussain.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

1. THE COMPANY AND ITS OPERATIONS

1.1 Macter International Limited (the Company) was incorporated in Pakistan in 1992 as a private limited company under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) and was converted into a public limited company in 2011. Effective from August 01, 2017 the Company has been listed on Pakistan Stock Exchange Limited.

1.1.1 The geographical locations and addresses of the Company's business units, including plants are as under:

- The Company's manufacturing plants are located at F-216, S.I.T.E., Karachi and E-40/A, S.I.T.E.; Karachi,
- The Company's commercial offices are located at Bungalow No # 44-H, PECHS Block 6, Karachi and House No # NA-300, New Town, Nawaz Sharif Park, Rawalpindi; and
- The warehouses of the Company are situated at Plot No F-217 & 217-A S.I.T.E., Karachi.

1.2 The principal activity of the Company is to manufacture and market pharmaceutical products. The registered office of the Company is situated at F-216, S.I.T.E., Karachi.

1.3 These unconsolidated financial statements are the separate financial statements of the Company in which investment in subsidiary has been accounted for at cost less accumulated impairment losses, if any.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of, directives and notifications issued under the Companies Act, 2017.

Where provisions of, directives and notifications issued under the Companies Act, 2017 differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, have been followed.

2.2 Functional and presentation currency

These unconsolidated financial statements are presented in Pakistani Rupees which is the Company's functional and presentation currency and figures are rounded off to the nearest thousand of Rupees.

2.3 Changes in accounting standards, interpretations and pronouncements

(a) Amendments to approved accounting and reporting standards that are effective

There are certain amendments to the approved accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2025. However, these do not have any significant impact on the Company's financial statements and therefore are not stated in these unconsolidated financial statements.

(b) Standards, amendments and improvements to approved accounting and reporting standards that are not yet effective

There are certain other new standards, amendments and improvements to approved accounting and reporting standards that are mandatory for the Company's accounting periods beginning on or after July 1, 2026 but are not considered to be relevant or will not have any significant effect on the Company's operations and therefore are not detailed in these unconsolidated financial statements, except for the following:

IFRS 18 'Presentation and Disclosure in Financial Statements' (IFRS 18) (effective for accounting periods beginning on or after January 1, 2027):

A new standard on presentation and disclosure in financial statements, with a focus on updates to the statement of profit or loss is being introduced. The key new concepts introduced in IFRS 18 relate to:

- the structure of the statement of profit or loss;
- required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, management-defined performance measures); and
- enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

Amendment to IFRS 9 and IFRS 7 - Classification and Measurement of Financial Instruments (effective for accounting periods beginning on or after January 1, 2026):

These amendments:

- clarify the requirements for the timing of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;
- clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;
- add new disclosures for certain instruments with contractual terms that can change cashflows (such as some instruments with features linked to the achievement of Environment, Social and Governance (ESG) targets); and
- make updates to the disclosures for equity instruments designated at Fair Value through Other Comprehensive Income (FVOCI).

The management is in process of assessing the impact of above changes.

Other than above, there are standards, amendments and improvements to approved accounting standards that are not yet effective and have not been early adopted by the Company. Such standards and amendments are not expected to have any significant impact on the Company's financial reporting and, therefore, have not been presented in these unconsolidated financial statements.

2.4 Critical accounting judgements, estimates and assumptions

The preparation of the unconsolidated financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires the management to make judgement, estimates and assumptions that affect the application of policies and the reported amounts of revenues, expenses, assets and liabilities and accompanying disclosures.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates, assumptions and judgements are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

3. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these unconsolidated financial statements are set out below. These policies have been consistently applied to all the years presented unless otherwise disclosed or specified.

3.1 Property, plant and equipment

Operating fixed assets

These are stated at cost less accumulated depreciation and impairment loss, if any, except for leasehold land which are stated at cost less impairment loss, if any.

Depreciation is charged to the statement of profit or loss applying the reducing balance method at the rates specified in note 4.1 to the unconsolidated financial statements. Depreciation on additions is charged from the month asset is available for use and in case of disposal upto the preceding month of disposal.

Maintenance and repairs are charged to unconsolidated statement of profit or loss as and when incurred. Major renewals and improvements are capitalized when it is probable that respective future economic benefits will flow to the Company and the assets so replaced, if any, are retired.

Gains or losses on disposals of property, plant and equipment, if any, are recognized in unconsolidated statement of profit or loss.

The assets residual values, and useful lives are reviewed and adjusted if appropriate, at each financial year end.

Capital work-in-progress

These are stated at cost less impairment, if any, and represent expenditures incurred and advances made in respect of specific assets during the construction / installation year. These are transferred to relevant operating fixed assets as and when assets are available for use.

3.2 Lease liability and right-of-use assets

The Company, as a lessee, has recognised right-of-use assets representing its right to use the underlying assets and lease liabilities representing its obligations to make lease payments.

At inception of a contract, the Company assesses whether a contract is, or contains a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. The Company mainly leases properties for its operations. The Company recognises a right-of-use asset and lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses if any, and adjusted for certain remeasurements of the lease liability. The right-of-use asset is depreciated using the straight line method over the shorter of the lease term and the asset's useful life. The estimated useful lives of assets are determined on the same basis as that for owned assets. In addition, the right-of-use asset is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the entity's incremental borrowing rate being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions. The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payments made. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, a change in assessment of whether extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit and loss if the carrying amount of right-of-use asset has been reduced to zero.

Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payment that are based on an index or a rate;

- Amounts expected to be payable by the lessee under residual value guarantees;
- The exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

Right-of-use assets are measured at cost comprising the following:

- The amount of the initial measurement of lease liability;
- Any lease payments made at or before the commencement date less any lease incentives received;
- Any initial direct costs; and
- Dismantling costs and restoration costs.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of properties that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

3.3 Investment in subsidiary

Investments in subsidiary company is initially recognised at cost. At subsequent reporting dates, the recoverable amounts are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognised as expense. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments.

A reversal of impairment loss is recognised in unconsolidated profit or loss.

3.4 Stores and spares

These are valued at lower of moving average cost and estimated net realisable value (NRV), less provision for obsolete items (if any), except items in-transit, if any, are valued at cost comprising invoice value plus other charges incurred thereon up to the date of statement of financial position.

Provision, if required is made in the financial statements for slow moving, obsolete and unusable items. Stores and spares are assessed and provision is applied according to degree of ageing based on a specific criteria.

3.5 Stock-in-trade

These are valued at the lower of cost or net realisable value. Cost is determined as follows:

- | | |
|--------------------------------------|---|
| - Raw and packing material | - at moving average cost of purchases and applicable procurement expenses. |
| - Finished goods and work-in-process | - at weighted average cost of purchases and applicable manufacturing expenses. |
| - Stock-in-transit | - Valued at cost comprising invoice value plus other charges paid thereon up to the reporting date. |

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Provision is recorded for slow moving and expired stock where necessary.

3.6 Trade debts

These are classified at amortised cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

3.7 Loans, advances, deposits, prepayments and other receivables

These are stated initially at fair value and subsequently measured at amortised cost using the effective interest rate method.

Exchange gains or losses arising in respect of deposits, advances and other receivables denominated in foreign currencies are adjusted to their respective carrying amounts and charged to unconsolidated statement of profit or loss, if any.

3.8 Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents comprise of bank balances in current, savings and deposit accounts, other short-term highly liquid investments with original maturities of upto three months, short-term borrowings under running finance which are payable on demand, if any. The cash and cash equivalents are readily convertible to known amount of cash and are therefore subject to insignificant risk of changes in value.

3.9 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

3.10 Share premium

It represents the difference between the par value of the Company's ordinary shares and the total amount of money a company receives for ordinary shares issued.

3.11 Financial instruments

3.11.1 Initial measurement of financial asset

The Company classifies its financial assets into following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- at amortised cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Subsequent measurement

Debt Investments at FVOCI	These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in the consolidated statement of profit or loss. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the consolidated statement of profit or loss.
Equity Investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in the consolidated statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the consolidated statement of profit or loss.
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognised in the consolidated statement of profit or loss.
Financial assets measured at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest / markup income, foreign exchange gains and losses and impairment, if any, are recognised in the consolidated statement of profit or loss.

3.11.2 Financial assets

All financial assets are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and include trade debts, deposits, advances and cash and cash equivalents. The Company derecognises the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

3.11.3 Financial liabilities

Financial liabilities are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings, unclaimed / unpaid dividend, accrued mark-up, lease liability and trade and other payables. The Company derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liabilities other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest method.

3.11.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Company has currently legally enforceable right to set-off the recognised amounts and the Company intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Company or the counter parties.

3.12 Impairment

3.12.1 Financial Assets

The Company recognises loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortised cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade debts are always measured at an amount equal to lifetime ECLs.

The expected loss rates are based on the payment profiles of sales over a period of 36 - 48 months before June 30, 2026 or July 1, 2025 respectively and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the debts. The Company has identified the Gross Domestic Product (GDP) and the inflation rate of the countries in which it sells its goods to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

The Company considers a financial asset to be at a risk of default when contractual payments are 90 days past due except for receivables from institutions for which it is considered as 1440 days, unless there are factors that might indicate otherwise. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience, informed credit assessment and forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovery of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial asset.

3.12.2 Non-financial assets

The carrying amounts of the Company's non-financial assets, other than stores and spares and stock in trade are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the unconsolidated statement of profit or loss.

3.13 Employee retirement benefits

Defined benefit plan

The Company operates an unfunded gratuity scheme covering all eligible permanent employees. Provision is made on the basis of actuarial recommendations. The latest actuarial valuation is carried out as at June 30, 2026 using the Project Unit Credit Method.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Defined contribution plan

The Company operates a provident fund plan for all permanent management employees. Contribution is made to the fund equally by the Company and the employees at the rate of 8.33% of basic and / or gross salary, as per the respective entitlement grades.

3.14 Trade and Other Payable

Trade and other payables are recognised initially at fair value plus directly attributable costs, if any, and subsequently measured at amortised cost.

3.15 Contract liabilities

A contract liability is the obligation of the Company to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liability are recognised as revenue when the Company performs under the contract.

3.16 Unclaimed dividend

Dividend declared and payable at the unconsolidated statement of financial position date are recognised as unclaimed dividend.

3.17 Provision

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.18 Contingencies

Contingencies are disclosed when the Company has a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

3.19 Revenue recognition

The Company recognises revenue from sale of goods at a point in time when control of goods is transferred to customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. Control, depending on contractual terms, is considered to be transferred either when the product is directly uplifted by customer from factory premises or when it is delivered by the Company at customer premises.

The Company generally enters into an agreement with its customers for supply of its products, including delivery of product. As the transportation of product coincides with actual delivery, sale of product and transportation is considered single performance obligation. The credit limits in contract with customers varies depending on the terms of specific contract.

Income from toll manufacturing is recognised at a point in time when services are rendered.

3.20 Assets and liabilities arising from rights of return**Right of return assets**

Right of return asset represents the Company's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Company updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned products. Returns for the Company comprise of expired products or near expiry products.

Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

3.21 Other income

Other income is recognised to the extent that it is probable that the economic benefits will flow to the Company and the income can be measured reliably. Other income is measured on the following basis:

- Return on short-term deposits and investments at amortised cost are accounted for using the effective interest rate method.
- Dividend income is recognised when the right to receive the dividend is established.
- Scrap sales are recognized on accrual basis.

3.22 Foreign currency translations

Transactions in foreign currencies are translated into Pakistani Rupees at the foreign exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the statement of financial position date are translated into Pakistani Rupees at the foreign exchange rate prevailing at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the unconsolidated statement of profit or loss.

3.23 Taxation

Current

The current income tax charge is based on the taxable income for the year calculated on the basis of the tax laws enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the unconsolidated statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred

Deferred tax is provided, using the liability method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, while deferred tax assets are recognised for all deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, carry forward of unused tax credit and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the assets are realised or the liabilities are settled, based on tax rates (and tax laws) that have been enacted or subsequently enacted at the reporting date. Deferred tax is charged or credited to unconsolidated statement of profit or loss except to the extent it relates to items recognized in other comprehensive income.

Levies

Tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income or any minimum tax which is not adjustable against future income tax liability is classified as levy in the unconsolidated statement of profit or loss as these levies fall under the scope of IFRIC 21 / IAS 37.

Tax on dividend from subsidiaries, associates and joint ventures are not considered as levy as these dividends are specifically covered by IAS 12.

3.24 Dividend and appropriation to reserves

Dividend distribution to the Company's shareholders is recognised as a liability in the period in which the dividends are approved. However, if these are approved after the reporting period but before the financial statements are authorised for issue, disclosure is made in the unconsolidated financial statements.

3.25 Earnings per share

The Company presents basic and diluted earning per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

3.26 Segment reporting

The activities of the Company are organised into one operating segment i.e., manufacturing and marketing of pharmaceutical products. The Company operates in the said reportable operating segment based on nature of the product, risks and returns, organizational and management structure, and internal financial reporting system. Accordingly, the figures reported in the unconsolidated financial statements are related to the Company's only reportable segment.

- 6.1** The subsidiary company is engaged in selling and distribution of cosmetics products. Its registered office is situated at F-216, S.I.T.E, Karachi.

The subsidiary company has incurred significant losses in prior years resulting in net equity position of Rs. 48.24 million which is less than the cost of investment (after adjustment of accumulated losses of Rs. 327.52 million) based on the financial statements for the year ended June 30, 2026. The Company considered this as an indicator of impairment, accordingly, the Company carried out an assessment for the recoverable amount of its investment in subsidiary. The assessment involved estimation of future cash flows of subsidiary and determination of recoverable amount using a number of assumptions and estimates. Based on such assessment, no impairment loss was required as at June 30, 2026.

17.1 Defined benefit plan - unfunded gratuity scheme

- 17.1.1** In accordance with the requirements of IAS-19 "Employee Benefits", actuarial valuation was carried out as at June 30, 2026, using the "Projected Unit Credit Method". Provision has been made in these unconsolidated financial statements to cover obligation in accordance with the actuarial recommendations.

17.1.2 Risks on account of defined benefit plan

Final salary risk

The risk that the final salary at the time of cessation of service is greater than what the Company has assumed. Since the benefit is calculated on the final salary, the benefit amount would increase proportionately also.

Discount rate fluctuation

The plan liabilities are calculated using a discount rate determined by reference to market yields (at the statement of financial position date) on government bond. A decrease in government bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plans' bond holdings.

Withdrawal risk

The risk that the actual withdrawal experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and entitled benefits of the beneficiary.

Inflation fluctuation

The salary inflation is the major risk that the funds carry. In a general economic sense and in a longer view, there is a case that if bond yields increase, the change in salary inflation generally offsets the gains from the decrease in discounted benefit obligations. But viewed with the fact that the plan have no asset, the impact of salary inflation might be significant.

Mortality risk

The risk that the actual mortality experience is different. The effect depends on the beneficiaries' service/age distribution and the benefit.

23. PROVISION FOR GAS INFRASTRUCTURE DEVELOPMENT CESS

This represents Gas Infrastructure Development Cess (GIDC) against which the Honourable Supreme Court of Pakistan in its order dated August 13, 2020 held that the same is constitutional. Subsequent to the order, the Sui Southern Gas Company Limited (SSGC) issued GIDC bill under which the total amount would be recovered in forty eight equal monthly installments.

The above demand of the SSGC was not acknowledged as liability by the Company and it filed an appeal before the Honourable High Court of Sindh (the Court) on the grounds that no burden of GIDC had been passed to its customers and thus the Company is not liable to pay GIDC under GIDC Act, 2015. Based on the above appeal, the Court was pleased to grant stay vide order dated September 29, 2020 against the demand raised by the SSGC and restrained them from taking any coercive action.

35. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main risks arising from the Company's financial instruments are credit risk, operational risk, liquidity risk and market risk (including return rate risk, currency risk and price risk). The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:

35.1 Credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company's management is regularly conducting detailed analysis on sectors.

35.1.1 Exposure to credit risk

The Company seeks to minimize the credit risk exposure through having exposures only to customers considered credit worthy. The maximum exposure to credit risk at the reporting date is:

		2026	2025
	Note	----- (Rupees in '000) -----	-----
Long-term deposits	8	16,483	16,483
Trade debts	10	1,210,761	401,020
Loans	7	12,683	14,085
Trade deposits and other receivables	12	109,499	63,471
Short-term investment	14	16,838	16,838
Bank balances	15	98,288	280,675
		<u>1,464,552</u>	<u>792,572</u>

The Company does not take into consideration the value of collateral while testing financial assets for impairment. The Company considers the credit worthiness of counterparties as part of its risk management.

Long-term deposits

This represents long term deposits under diminishing musharakah and with utility companies. The Company does not foresee any credit exposure there against as the amounts are paid to counterparty as per agreement and is refundable on termination of the agreement with respective counterparty.

Trade debts

The Company's exposure to credit risk arising from trade debtors is mainly influenced by the individual characteristics of each customer. Majority of the Company's sales are made against receipts in advance from customers. The Company has no major concentration of credit risk with any single customer. The majority of the trade customers have been transacting with the Company for several years. The Company establishes an allowance for impairment where it considers recoveries are not probable.

The information about the credit risk exposure on the Company's trade receivables as at June 30, 2026 and June 30, 2025 is disclosed in note 10.3 of these unconsolidated financial statements.

Loans

Loans to employees are not exposed to any material credit risk and are secured against the retirement benefits of the respective employees.

Trade deposits and other receivables

These represent deposits placed with various suppliers as per the terms of securing availability of services. The management does not expect to incur credit loss there against.

Bank balances

Cash is held only with reputable banks with high quality external credit rating assessed by external rating agencies. Following are the credit ratings of banks with which balances are held or credit lines available:

Banks	Rating agency	Rating	
		Short term	Long term
Al Baraka Bank (Pakistan) Limited	VIS	A-1	AA-

35.1.2 Concentration of credit risk

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. In order to avoid excessive concentrations of risk, management focuses on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. Management does not consider that it has any concentration of credit risk at the reporting date.

35.2 Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The Company applies the prudent risk management policies by maintaining sufficient cash and bank balances and by keeping committed credit lines. The table below summarizes the maturity profile of the Company's financial liabilities at the following reporting dates:

	2026				
	Carrying amount	Contractual cashflows	upto one year	one to five years	More than five years
	----- (Rupees in '000) -----

	<u>814,287</u>	<u>218,887</u>	<u>11,509</u>	<u>1,044,683</u>

35.3 Market risk

Market risk is the risk that fair value of future cash flows will fluctuate because of changes in market prices. Market prices comprise three types of risks which includes interest rate risk, currency risk and other price risk, such as equity risk. There has been no change in the Company's exposure to market risk or the manner in which this risk is managed and measured.

35.3.1 Return rate risk

Return rate risk is the risk that the fair value or future cash flows of the financial instruments will fluctuate because of changes in the market return rates. The Company's return rate risk arises from long-term financing and bank deposits obtained with floating rates. All the borrowings of the Company are obtained and investments made in the functional currency.

At the reporting date, the return rate profile of Company's return-bearing financial instruments was:

	Note	2026 (Rupees in '000)	2025
Financial asset			
Local currency - savings accounts	15	<u>20,486</u>	<u>217,283</u>
Financial liabilities			
Long-term financing	18	<u>844,741</u>	725,237
Short term borrowings	22	<u>150,866</u>	-
		<u>995,607</u>	<u>725,237</u>

The Company analyses its return rate exposure on a regular basis by monitoring existing facilities against prevailing market return rates and taking into account various other financing options available.

The following figures demonstrate the sensitivity to a reasonably possible change in return rate, with all other variables held constant, of the Company's profit before tax:

	Increase / (decrease) in basis points	Effect on profit before tax (Rupees in '000)
2026		
Change in return rate	+100	9,751
Change in return rate	-100	(9,751)
2025		
Change in return rate	+100	5,080
Change in return rate	-100	(5,080)

35.3.2 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Exposure to currency risk

The Company is exposed to currency risk on bank balances and trade creditors that are denominated in a currency other than the respective functional currency of the Company, primarily U.S. Dollar. The Company's exposure to foreign currency risk is as follows:

	2026			2025		
	Rupees	US Dollars	Euro	Rupees	US Dollars	Euro
	----- (Amounts in '000) -----					
Financial assets						
Bank balance	73,215	262	-	37,115	131	-
Financial liabilities						
Trade creditors	(177,250)	(507)	(111)	(44,051)	(155)	-
Net exposure	(104,035)	(245)	(111)	(6,936)	(24)	-

The following significant exchange rates applied during the year:

	Average rates		Reporting date rates	
	2026	2025	2026	2025
	----- (Rupees) -----			
US Dollar to PKR	280.38	279.98	279.42	283.76
Euro to PKR	333.21	303.72	320.99	336.55

Sensitivity analysis

A 10 percent strengthening / (weakening) of the Pak Rupee against the US Dollar at June 30, 2026 would have increased / (decreased) the profit by Rs. 17.73 million. This analysis assumes that all other variables, in particular return rates, remains constant and the analysis is performed on the same basis as done in prior year.

35.3.3 Equity price risk

The Company is not exposed to any equity price risk.

35.4.3 Fair values of financial assets and liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying values of all financial assets and liabilities reflected in these unconsolidated financial statements approximate fair values.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The following table shows assets recognised at fair value, analyzed between those whose fair value is based on:

Level 1: Quoted prices in active markets for identical assets or liabilities,

Level 2: Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

Level 3: Those whose inputs for the asset or liability that are not based on observable market data (unobservable inputs).

35.5 Capital risk management

The primary objective of the Company's capital management is to maintain healthy capital ratios, strong credit rating and optimal capital structures in order to ensure ample availability of finance for its existing and potential investment projects, to maximize shareholders value and reduce the cost of capital.

The Company manages its capital structure and makes adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net debt is calculated as total loans and borrowings including any finance charges thereon, less cash and cash equivalents.

The gearing ratios as at June 30, 2026 and 2025 are as follows:

	Note	2026 ----- (Rupees in '000) -----	2025 -----
Long-term financing	18	844,741	725,237
Short term borrowings	22	150,866	-

Capital and net debt		5,322,706	4,257,098
Gearing ratio		17.09%	10.61%

The Company finances its operations through equity, borrowings and management of its working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

36. CAPACITY AND PRODUCTION

The capacity and production of the Company's machines are indeterminable as these are multi-product and involve varying processes of manufacture.

**CONSOLIDATED
FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2026**

A.F.FERGUSON & Co.

INDEPENDENT AUDITOR'S REPORT**To the members of Macter International Limited****Opinion**

We have audited the annexed consolidated financial statements of Macter International Limited and its subsidiary (the Group), which comprise the consolidated statement of financial position as at June 30, 2026, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2026, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key Audit Matter:

S. No.	Key audit matter	How the matter was addressed in our audit
(i)	Revenue from contracts with customers (Refer notes 3.20 & 25 to the consolidated financial statements) The Group's revenue is generated from sales of pharmaceutical and cosmetic products. The Group recognised revenue of Rs. 12.17 billion from the sale of goods to domestic as well as export customers during the year ended June 30, 2026. As part of our overall response to the audit risks when identifying and assessing the risks in revenue recognition, we considered that there is an inherent risk that revenue may be overstated as it is a key performance measure, which could create an incentive or pressure on the Group's management to meet targets. Further, we have focused our audit activities over the revenue recognised near to year end as there was a high risk that the revenue may be recorded before the control of goods is transferred to the customer and in an incorrect accounting period. Moreover, for pharmaceutical goods, revenue recognition includes determination of sales prices in accordance with the regulated price regime of the Government. Based on the above and considering growth in revenue during the year, we considered this as a key audit matter.	Our audit procedures included the following: - obtained an understanding of the Group's process with respect to revenue recognition and tested design and operating effectiveness of controls relevant to such process; - for pharmaceutical goods, obtained an understanding of pricing mechanism of Drug Regulatory Authority of Pakistan (DRAP) and tested, on sample basis, selling prices of regulated pharmaceutical products; - inspected contracts with customers on a sample basis to obtain an understanding of contract terms particularly relating to timing of transfer of control of goods and assessed the appropriateness of the Company's accounting policies for recognition of revenue with reference to the requirements of the prevailing accounting standards; - performed substantive audit procedures over revenue transactions along with the examination of related supporting documents, on sample basis; - performed cut-off procedures by agreeing sample of revenue transactions occurred on and around the year end to the evidence of deliveries; and - assessed the adequacy of related disclosures in accordance with the applicable financial reporting framework.

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

AFL

A.F.FERGUSON & Co.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Azhar Hussain.

- The warehouses of the Holding Company are situated at Plot No # F-217 & 217-A, S.I.T.E., Karachi.

1.1.3 The principal activity of the Holding Company is to manufacture and market pharmaceutical products. The registered office of the company is situated at F-216, S.I.T.E., Karachi.

1.2 Misbah Cosmetics (Private) Limited

1.2.1 The Subsidiary Company is a private limited company incorporated in Pakistan on June 09, 2014 under the Companies Ordinance, 1984. The geographical location and registered office of the company is situated at F-216, S.I.T.E., Karachi.

1.2.2 The principal activity of the Subsidiary Company is selling and distribution of cosmetic products in Pakistan.

1.3 These financial statements denote the consolidated financial statements of the Group. Unconsolidated financial statements of the Holding Company and its subsidiary have been presented separately.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

- Provisions of, directives and notifications issued under the Companies Act, 2017.

Where provisions of, directives and notifications issued under the Companies Act, 2017 differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, have been followed.

2.2 Basis of consolidation

The Subsidiary Company is a entity over which the Group has control. Control is achieved when the group is exposed, or has rights, to variable returns from its involvement with the investee and has ability to affect those returns through its power over the investee. Generally, there is presumption that a majority of voting rights result in control.

The Group re-assess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more elements of control.

The Subsidiary Company is consolidated from the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases. Income and expenses of a subsidiary acquired or disposed off during the year are included in profit or loss from the date the Group gains control until the date the Group ceases to control the subsidiary.

The financial statements of the Subsidiary Company are prepared for the same reporting period as the Holding Company, using consistent accounting policies. The accounting policies of the Subsidiary Company have been changed to conform with accounting policies of the Holding Company, where required.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date; any gains or losses arising from such remeasurement are recognised in profit or loss.

Identifiable assets acquired, liabilities assumed and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of cost of acquisition is recorded as goodwill, however, if the cost of acquisition is less than fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the profit or loss.

After initial recognition, goodwill is measured at cost less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill acquired in a business combination is, on the acquisition date, allocated to each of the Group's cash generating units that are expected to benefit from the combination. Goodwill is tested annually or whenever there is an indication of impairment exists. Impairment loss in respect of goodwill is recognised in consolidated statement of profit or loss and is not reversed in future periods.

The assets, liabilities, income and expenses of the Subsidiary Company are consolidated on a line by line basis and carrying value of investments held by the Holding Company is eliminated against the Subsidiary Company's shareholders' equity in the consolidated financial statements.

All intra-group balances, transactions and unrealised gains and losses resulting from intra-group transactions and dividends within the Group are eliminated in full.

Non-controlling interest (NCI) is that part of the net results of operations and of net assets of subsidiary attributable interest which are not owned by the Group. The Group measures NCI on proportionate basis of the net assets of Subsidiary Company.

When the ownership of a subsidiary is less than hundred percent, a NCI exists. The NCI is allocated its share of the total comprehensive income for the year, even if that results in a deficit balance.

A change in the ownership interest of a Subsidiary Company, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it derecognises the assets (including goodwill) and liabilities of the subsidiary, carrying amount of any NCI, cumulative translation differences recognised in other comprehensive income, and recognises fair value of consideration received, any investment retained, surplus or deficit in profit and loss, and reclassifies the Holding Company share of components previously recognised in other comprehensive income to profit and loss account or retained earnings, as appropriate.

2.2.1 Non-controlling interest in the Subsidiary Company has been calculated as follows:

	2026	2025
	----- (Rupees in '000) -----	
Non-current assets	74,620	77,304
Current assets	209,364	276,638
Non-current liabilities	(46,605)	(47,522)
Current liabilities	(189,141)	(237,742)
Net assets	48,238	68,678
Share of NCI @ 20.16% (2025: 20.16%)	9,724	13,845

2.3 Functional and presentation currency

These consolidated financial statements are presented in Pakistani Rupees which is the Group's functional and presentation currency and figures are rounded off to the nearest thousand of Rupees.

2.4 Changes in accounting standards, interpretations and pronouncements

a) Amendments to approved accounting standards that are effective

There are certain amendments to the approved accounting and reporting standards which are mandatory for the Group's annual accounting period which began on July 1, 2025. However, these do not have any significant impact on the Group's financial statements and therefore are not stated in these consolidated financial statements.

b) Standards amendments and improvement to approved accounting and reporting standards that are not yet effective

There are certain other new standards, amendments and improvements to approved accounting and reporting standards that are mandatory for the Group's accounting periods beginning on or after July 1, 2026 but are not considered to be relevant or will not have any significant effect on the Group's operations and therefore are not detailed in these consolidated financial statements, except for the following:

**IFRS 18 'Presentation and Disclosure in Financial Statements' (IFRS 18)
(effective for accounting periods beginning on or after January 1, 2027):**

A new standard on presentation and disclosure in financial statements, with a focus on updates to the statement of profit or loss is being introduced. The key new concepts introduced in IFRS 18 relate to:

- the structure of the statement of profit or loss;
- required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, management-defined performance measures); and
- enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

**Amendment to IFRS 9 and IFRS 7 - Classification and Measurement of Financial Instruments
(effective for accounting periods beginning on or after January 1, 2026):**

These amendments:

- clarify the requirements for the timing of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;
- clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;
- add new disclosures for certain instruments with contractual terms that can change cashflows (such as some instruments with features linked to the achievement of Environment, Social and Governance (ESG) targets); and
- make updates to the disclosures for equity instruments designated at Fair Value through Other Comprehensive Income (FVOCI).

The management is in process of assessing the impact of above changes.

Other than above, there are standards and certain amendments to accounting standards that are not yet effective and have not been early adopted by the Group. Such standards and amendments are not expected to have any significant impact on the Group's financial reporting and, therefore, have not been presented in these financial statements.

2.5 Critical accounting judgements, estimates and assumptions

The preparation of the consolidated financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires the management to make judgement, estimates and assumptions that affect the application of policies and the reported amounts of revenues, expenses, assets and liabilities and accompanying disclosures.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates, assumptions and judgements are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In the process of applying the accounting policies, management has made the following estimates and judgements which are significant to the consolidated financial statements:

	Notes
- Useful life of property, plant and equipment	3.1 & 4.1
- Net realisable value of stock in trade	3.5 & 8.1
- Impairment of financial and non-financial assets	3.12, 9.2 & 11.1
- Taxation and deferred taxation	3.24 & 19
- Valuation of employee retirement benefits	3.13 & 16.1
- Lease Liability and Right-of-use assets	3.2, 18 & 4.6
- Contingencies	3.18 & 23
- Assets and liabilities arising from rights of return	3.21 & 20

3. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented unless otherwise disclosed or specified.

3.1 Property, plant and equipment

Operating fixed assets

These are stated at cost less accumulated depreciation and impairment loss, if any, except for leasehold land which are stated at cost less impairment loss, if any.

Depreciation is charged to the statement of profit or loss applying the reducing balance method at the rates specified in note 4.1 to the consolidated financial statements. Depreciation on additions is charged from the month asset is available for use and in case of disposal upto the preceding month of disposal.

Maintenance and repairs are charged to statement of profit or loss as and when incurred. Major renewals and improvements are capitalized when it is probable that respective future economic benefits will flow to the Group and the assets so replaced, if any, are retired.

Gains or losses on disposals of property, plant and equipment, if any, are recognized in consolidated statement of profit or loss.

The assets residual values, and useful lives are reviewed and adjusted if appropriate, at each financial year end.

Capital work-in-progress

These are stated at cost less impairment, if any, and represent expenditures incurred and advances made in respect of specific assets during the construction / installation year. These are transferred to relevant operating fixed assets as and when assets are available for use.

3.2 Lease liability and Right-of-use assets

The Group, as a lessee, has recognised right-of-use assets representing its right to use the underlying assets and lease liabilities representing its obligations to make lease payments.

At inception of a contract, the Group assesses whether a contract is, or contains a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. The Group mainly leases properties for its operations. The Group recognizes a right-of-use asset and lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses if any, and adjusted for certain remeasurements of the lease liability. The right-of-use asset is depreciated using the straight line method over the shorter of the lease term and the asset's useful life. The estimated useful lives of assets are determined on the same basis as that for owned assets. In addition, the right-of-use asset is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the entity's incremental borrowing rate being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions. The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payments made. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, a change in assessment of whether extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit and loss if the carrying amount of right-of-use asset has been reduced to zero.

Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payment that are based on an index or a rate;
- Amounts expected to be payable by the lessee under residual value guarantees;
- The exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

Right-of-use assets are measured at cost comprising the following:

- The amount of the initial measurement of lease liability;
- Any lease payments made at or before the commencement date less any lease incentives received;
- Any initial direct costs; and
- Dismantling costs and restoration costs.

The Group has not elected to recognise right-of-use assets and lease liabilities for short-term leases of properties that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

3.3 Intangible

These are stated at cost less accumulated amortisation and impairment loss, if any. These are amortised on a straight line method when assets are available for use at the rates specified in note 5.1 to the consolidated financial statements. Amortisation is charged from the month when asset is available for use while no amortisation is charged in the month in which an asset is disposed off.

The useful lives of intangible assets are reviewed at each reporting date. The effect of any adjustment to useful lives is recognised prospectively as a change of accounting estimate.

The gain or loss on disposal or retirement of an intangible asset represented by the difference between the sale proceeds and the carrying amount is recognised in the statement of profit or loss in the period of disposal.

3.4 Stores and spares

These are valued at lower of moving average cost and estimated net realizable value (NRV), less provision for obsolete items (if any), except items in-transit, if any, are valued at cost comprising invoice value plus other charges incurred thereon up to the date of statement of financial position.

Provision, if required is made in the financial statements for slow moving, obsolete and unusable items. Stores and spares are assessed and provision is applied according to degree of ageing based on a specific criteria.

3.5 Stock-in-trade

These are valued at the lower of cost or net realisable value. Cost is determined as follows:

- | | |
|--------------------------------------|---|
| - Raw and packing material | - at moving average cost of purchases and applicable procurement expenses. |
| - Finished goods and work-in-process | - at weighted average cost of purchases and applicable manufacturing expenses. |
| - Stock-in-transit | - valued at cost comprising invoice value plus other charges paid thereon up to the reporting date. |

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Provision is recorded for slow moving and expired stock where necessary.

3.6 Trade debts

These are classified at amortised cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

3.7 Loans, advances, deposits, prepayments and other receivables

These are stated initially at fair value and subsequently measured at amortised cost using the effective interest rate method.

Exchange gains or losses arising in respect of deposits, advances and other receivables denominated in foreign currency are adjusted to their respective carrying amounts and charged to consolidated statement of profit or loss, if any.

3.8 Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents comprise of bank balances in current, savings and deposit accounts, other short-term highly liquid investments with original maturities of upto three months, short-term borrowings under running finance and book overdraft which are payable on demand, if any. The cash and cash equivalents are readily convertible to known amount of cash and are therefore subject to insignificant risk of changes in value.

3.9 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

3.10 Share premium

It represents the difference between the par value of the Group's ordinary shares and the total amount of money the Group receives for ordinary shares issued.

3.11 Financial instruments

3.11.1 Initial measurement of financial asset

The Group classifies its financial assets into following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- at amortised cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Subsequent measurement

Debt instruments at FVOCI

These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in the consolidated statement of profit or loss. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the consolidated statement of profit or loss.

Equity instruments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the consolidated statement of profit or loss.

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognised in the consolidated statement of profit or loss.
Financial assets measured at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest / markup income, foreign exchange gains and losses and impairment, if any, are recognised in the consolidated statement of profit or loss.

3.11.2 Financial assets

All financial assets are initially recognised on trade date i.e. date on which the Group becomes party to the respective contractual provisions. Financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and include trade debts, deposits, advances and cash and cash equivalents. The Group derecognises the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

3.11.3 Financial liabilities

Financial liabilities are initially recognised on trade date i.e. date on which the Group becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings, unclaimed / unpaid dividend, accrued mark-up, lease liability and trade and other payables. The Group derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liabilities other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest rate method.

3.11.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Group has currently legally enforceable right to set-off the recognised amounts and the Group intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Group or the counter parties.

3.12 Impairment

3.12.1 Financial Assets

The Group recognises loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortised cost.

The Group measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade debts are always measured at an amount equal to lifetime ECLs.

The expected loss rates are based on the payment profiles of sales over a period of 36 - 48 months before June 30, 2026 or July 1, 2025 respectively and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the debts. The Group has identified the Gross Domestic Product (GDP) and the inflation rate of the countries in which it sells its goods to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

The Group considers a financial asset to be at a risk of default when contractual payments are 90 - 180 days past due except for receivables from institutions for which it is considered as 1440 days, unless there are factors that might indicate otherwise. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovery of a financial asset in its entirety or a portion thereof. The Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial asset.

3.12.2 Non-financial assets

The carrying amounts of the Group's non-financial assets, other than stores and spares and stock in trade are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the consolidated statement of profit or loss.

3.13 Employee retirement benefits**Defined benefit plan**

The Group operates an unfunded gratuity scheme covering all eligible permanent employees. Provision is made on the basis of actuarial recommendations. The latest actuarial valuation is carried out as at June 30, 2026 using the Project Unit Credit Method.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Defined contribution plan

The Group operates a provident fund plan for all permanent management employees. Contribution is made to the fund equally by the Group and the employees at the rate of 8.33% of basic and / or gross salary, as per the respective entitlement grades.

3.14 Trade and Other Payable

Trade and other payables are recognised initially at fair value plus directly attributable costs, if any, and subsequently measured at amortised cost.

3.15 Contract liabilities

A contract liability is the obligation of the Group to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

3.16 Unclaimed dividend

Dividend declared and payable from the consolidated statement of financial position date are recognised as unclaimed dividend.

3.17 Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.18 Contingencies

Contingencies are disclosed when the Group has a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

3.19 Revenue recognition

The Group recognises revenue from sale of goods at a point in time when control of product is transferred to customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods. Control, depending on contractual terms, is considered to be transferred either when the product is directly uplifted by customer from factory premises or when it is delivered by the Group at customer premises.

The Group generally enters into an agreement with its customers for supply of its products, including delivery of product. As the transportation of product coincides with actual delivery, sale of product and transportation is considered single performance obligation. The credit limits in contract with customers varies depending on the terms of specific contract.

Income from toll manufacturing is recognised at a point in time when services are rendered.

3.20 Assets and liabilities arising from rights of return**Right of return assets**

Right of return asset represents the Group's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Group updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned products. Returns for the Group comprise of expired products or near expiry products.

Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Group ultimately expects it will have to return to the customer. The Group updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

3.21 Other income

Other income is recognised to the extent that it is probable that the economic benefits will flow to the Group and the income can be measured reliably. Other income is measured on the following basis:

- Return on short-term deposits and investments at amortised cost are accounted for using the effective interest rate method.
- Dividend income is recognised when the right to receive the dividend is established.
- Scrap sales are recognised on accrual basis.

3.22 Foreign currency translations

Transactions in foreign currencies are translated into Pakistani Rupees at the foreign exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the statement of financial position date are translated into Pakistani Rupees at the foreign exchange rate prevailing at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of profit or loss.

3.23 Ijarah lease rentals

Leases under Shariah compliant Ijarah contracts, where significant portion of the risk and reward of ownership is retained by the lesser, are classified as Ijarah. Rentals under these arrangements are charged to consolidated statement of profit or loss on straight line basis over the lease term.

Ijarah rentals directly attributable to the acquisition or construction of an asset are capitalized as part of the cost of the respective assets.

3.24 Taxation**Current**

The current income tax charge is based on the taxable income for the year calculated on the basis of the tax laws enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred

Deferred tax is provided, using the liability method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, while deferred tax assets are recognised for all deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, carry forward of unused tax credit and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the assets are realized or the liabilities are settled, based on tax rates (and tax laws) that have been enacted or subsequently enacted at the reporting date. Deferred tax is charged or credited to statement of profit or loss except to the extent it relates to items recognized in other comprehensive income.

Levies

Tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income or any minimum tax which is not adjustable against future income tax liability is classified as levy in the consolidated statement of profit or loss as these levies fall under the scope of IFRIC 12 / IAS 37.

Tax on dividend from subsidiaries, associates and joint ventures are not considered as levy as these dividends are specifically covered by IAS 12.

3.25 Dividend and appropriation to reserves

Dividend distribution to the Holding Company's shareholders is recognised as a liability in the period in which the dividends are approved. However, if these are approved after the reporting period but before the financial statements are authorised for issue, disclosure is made in the consolidated financial statements.

3.26 Earnings per share

The Group presents basic and diluted earning per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

3.27 Segment reporting

Segment reporting is based on the operating (business) segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses. An operating segment's operating results are reviewed regularly by the Chief Operating Decision Maker (CODM) to make decision about resources allocated to the segment and assess its performance and for which discrete financial information is available.

Segment results that are reported to the Chief Executive include items directly attributable to a segment.

5.3 Impairment testing of goodwill

The Group has performed its annual impairment test on the following cash generating unit as at June 30, 2026:

Misbah Cosmetics (Private) Limited (MCPL)

Goodwill acquired through business combinations have been allocated to the Subsidiary Company and monitored at Group level.

The recoverable amount is determined based on a value-in-use calculation using cash flow projections from financial budgets approved by the senior management covering a five year period and applying the expected value approach. The discount rate applied to cash flow projections is 21.40% for goodwill impairment testing. The growth rate used to extrapolate the cash flows beyond the five year period is 6.5%. As a result of this analysis, the management did not identify any impairment for the cash generating unit to which goodwill of Rs. 4.63 million is allocated.

16.1 Defined benefit plan - unfunded gratuity scheme

16.1.1 In accordance with the requirements of IAS-19 "Employee Benefits", actuarial valuation was carried out as at June 30, 2026, using the "Projected Unit Credit Method". Provision has been made in the consolidated financial statements to cover obligation in accordance with the actuarial recommendations.

16.1.2 Risks on account of defined benefit plan

Final salary risk

The risk that the final salary at the time of cessation of service is greater than what the Group has assumed. Since the benefit is calculated on the final salary, the benefit amount would increase proportionately also.

Discount rate fluctuation

The plan liabilities are calculated using a discount rate determined by reference to market yields (at the statement of financial position date) on government bond. A decrease in government bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plans' bond holdings.

Withdrawal risk

The risk that the actual withdrawal experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and entitled benefits of the beneficiary.

Inflation fluctuation

The salary inflation is the major risk that the funds carry. In a general economic sense and in a longer view, there is a case that if bond yields increase, the change in salary inflation generally offsets the gains from the decrease in discounted benefit obligations. But viewed with the fact that the plan have no asset, the impact of salary inflation might be significant.

Mortality risk

The risk that the actual mortality experience is different. The effect depends on the beneficiaries' service/age distribution and the benefit.

- 19.1** The deferred tax assets and the deferred tax liabilities relate to income tax in the same jurisdiction, and the law allows net settlement. Therefore, they have been offset in the consolidated statement of financial position.
- 19.2** The deferred tax asset on unabsorbed depreciation, carry forward tax losses and minimum tax credits are recoverable based on the estimated future taxable income and approved business plans and budgets. However an amount of Rs. 19.43 million related to carried forward loss is not recognised as this credit will be expired in tax year 2027.
- 19.3** Deferred tax asset has been recognised as per future financial projections of the Company.
- 19.4** As per Finance Act, 2026, companies having taxable income above Rs. 500 million are liable to pay super tax at 8% for tax year 2027 and onwards. Consequently, the deferred tax has been recorded at 37% by Holding Company and 29% by Subsidiary Company in accordance with applicable accounting and reporting standards.

22. PROVISION FOR GAS INFRASTRUCTURE DEVELOPMENT CESS

This represents Gas Infrastructure Development Cess (GIDC) against which the Honourable Supreme Court of Pakistan in its order dated August 13, 2020 held that the same is constitutional. Subsequent to the order, the Sui Southern Gas Company Limited (SSGC) issued GIDC bill under which the total amount would be recovered in forty eight equal monthly installments.

The above demand of the SSGC was not acknowledged as liability by the Holding Company and it filed an appeal before the Honourable High Court of Sindh (the Court) on the grounds that no burden of GIDC had been passed to its customers and thus the Holding Company is not liable to pay GIDC under GIDC Act, 2015. Based on the above appeal, the Court was pleased to grant stay vide order dated September 29, 2020 against the demand raised by the SSGC and restrained them from taking any coercive action.

35. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main risks arising from the Group's financial instruments are credit risk, operational risk, liquidity risk and market risk (including return rate risk, currency risk and price risk). The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:

35.1 Credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting a particular industry. The Group's management is regularly conducting detailed analysis on sectors.

35.1.1 Exposure to credit risk

The Group seeks to minimize the credit risk exposure through having exposures only to customers considered credit worthy. The maximum exposure to credit risk at the reporting date is:

		2026	2025
	Note	----- (Rupees in '000) -----	
Long-term deposits	7	19,534	19,415
Trade debts	9	1,235,832	508,617
Loans	6	12,683	14,085
Trade deposits and other receivables	11	109,499	63,471
Short-term investment	13	16,838	16,838
Cash and Bank balances	14	109,786	288,603
		1,504,172	911,029

The Group does not take into consideration the value of collateral while testing financial assets for impairment. The Group considers the credit worthiness of counterparties as part of its risk management.

Long-term deposits

This represents long term deposits under diminishing musharakah and with utility companies. The Group does not foresee any credit exposure there against as the amounts are paid to counterparty as per agreement and is refundable on termination of the agreement with respective counterparty.

Trade debts

The Group's exposure to credit risk arising from trade debtors is mainly influenced by the individual characteristics of each customer. Majority of the Group's sales are made against receipts in advance from customers. The Group has no major concentration of credit risk with any single customer. The majority of the trade customers have been transacting with the Group for several years. The Group establishes an allowance for impairment where it considers recoveries are not probable.

The information about the credit risk exposure on the Group's trade receivables as at June 30, 2026 and June 30, 2025 is disclosed in note 9.4 of these consolidated financial statements.

Loans

This represent loan given to executive and other employees as per the policy of the Group, the management does not expect to incur credit loss there against.

Trade deposits and other receivables

These represent deposits placed with various suppliers as per the terms of securing availability of services. The management does not expect to incur credit loss there against.

Cash and bank balances

Cash is held only with reputable banks with high quality external credit rating assessed by external rating agencies. Following are the credit ratings of banks with which balances are held or credit lines available:

Banks	Rating agency	Rating

35.1.2 Concentration of credit risk

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry. In order to avoid excessive concentrations of risk, management focuses on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. Management does not consider that it has any concentration of credit risk at the reporting date.

35.2 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group applies the prudent risk management policies by maintaining sufficient cash and bank balances and by keeping committed credit lines. The table below summarizes the maturity profile of the Group's financial liabilities at the following reporting dates:

	2026				
	Carrying amount	Contractual cashflows	upto one year	one to five years	More than five years
	----- (Rupees in '000) -----

The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark-up rate effective as at June 30. The rate of mark-up has been disclosed in respective notes to these financial statements.

	July 01, 2025	Cash Flows	Non cash flow	June 30, 2026
	----- (Rupees in '000) -----			
35.2.1 Changes in liabilities from financing activities				
Long-term financing	764,437	115,314	-	879,751
Lease liabilities	88,418	(51,580)	11,509	48,347
Short-term borrowings	169,941	120,759	-	290,700
Unclaimed dividend	632	97	-	729
	1,023,428	184,590	11,509	1,219,527

35.3 Market Risk

Market risk is the risk that fair value of future cash flows will fluctuate because of changes in market prices. Market prices comprise three types of risks which includes interest rate risk, currency risk and other price risk, such as equity risk. There has been no change in the Group's exposure to market risk or the manner in which this risk is managed and measured.

35.3.1 Return rate risk

Return rate risk is the risk that the fair value or future cash flows of the financial instruments will fluctuate because of changes in the market return rates. The Group's return rate risk arises from long-term financing, short-term borrowings, Murabaha payables and bank deposits obtained with floating rates. All the borrowings of the Group are obtained and investments made in the functional currency.

At the reporting date, the return rate profile of Group's return-bearing financial instruments was:

	Note	2026 ----- (Rupees in '000) -----	2025 -----
Financial asset			
Local currency - savings accounts	14	20,486	217,283
Financial liabilities			
Long-term financing	17	879,751	764,437
Short-term borrowings	21	290,700	169,941
		1,149,965	717,095

The Group analyses its return rate exposure on a regular basis by monitoring existing facilities against prevailing market return rates and taking into account various other financing options available.

The following figures demonstrate the sensitivity to a reasonably possible change in return rate, with all other variables held constant, of the Group's profit before tax:

	Increase / (decrease) in basis points	Effect on profit before tax (Rupees in '000)
2026		
Change in return rate	+100	(11,500)
Change in return rate	-100	11,500
2025		
Change in return rate	+100	(7,171)
Change in return rate	-100	7,171

35.3.2 Currency Risk

Currency risk is the risk that the fair value or future cash flows of a financial statement will fluctuate because of change in foreign exchange rates.

Exposure to currency risk

The Group is exposed to currency risk on bank balances and trade creditors that are denominated in a currency other than the respective functional currency of the Group, primarily U.S. Dollar. The Group's exposure to foreign currency risk is as follows:

	2026			2025		
	Rupees	US Dollars	Euro	Rupees	US Dollars	Euro
	(Amounts in '000)					
Financial assets						
Bank Balance	73,215	262	-	37,115	131	-
Financial liabilities						
Trade creditors	(177,250)	(507)	(111)	(44,051)	(155)	-
Net exposure	(104,035)	(245)	(111)	(6,936)	(24)	-

The following significant exchange rates applied during the year:

	Average rates		Reporting date rates	
	2026	2025	2026	2025
	(Rupees)			
US Dollar to PKR	280.28	279.88	279.42	283.76
Euro to PKR	333.21	303.72	320.99	336.55

Sensitivity analysis

A 10 percent strengthening / (weakening) of the Pak Rupee against the US Dollar at June 30, 2026 would have increased / (decreased) the profit by Rs. 17.73 million. This analysis assumes that all other variables, in particular return rates, remains constant and the analysis is performed on the same basis as done in prior year.

35.3.3 Equity price risk

The Group is not exposed to any equity price risk.

35.4.3 Fair values of financial assets and liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying values of all financial assets and liabilities reflected in these financial statements approximate fair values.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The following table shows assets recognised at fair value, analyzed between those whose fair value is based on:

Level 1: Quoted prices in active markets for identical assets or liabilities,

Level 2: Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

Level 3: Those whose inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There are no investment measured at fair value as at June 30, 2026.

35.5 Capital risk management

The primary objective of the Group's capital management is to maintain healthy capital ratios, strong credit rating and optimal capital structures in order to ensure ample availability of finance for its existing and potential investment projects, to maximize shareholders value and reduce the cost of capital.

The Group manages its capital structure and makes adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend paid to shareholders, return capital to shareholders or issue new shares.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net debt is calculated as total loans and borrowings including any finance charges thereon, less cash and cash equivalents.

The gearing ratios as at June 30, 2026 and 2025 are as follows:

		2026	2025
	Note	----- (Rupees in '000) -----	
Long-term financing	17	879,751	764,437
Short term borrowings	21	290,700	169,941

Capital and net debt		5,269,135	4,262,930
Gearing ratio		20.49%	15.54%

The Group finances its operations through equity, borrowings and management of its working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

36. CAPACITY AND PRODUCTION

The capacity and production of the Group's Pharmaceuticals machines are indeterminable as these are multi-product and involve varying processes of manufacture.
